Rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water supply, they may allow any owner or occupier of a holding paying a water rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the value of such holding, when such annual value is not less than rupees two hundred, to lay down communication-pipes from the service-pipe of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions:—

1. The owner or occupier of any holding requiring water to be led on to such holding for domestic purposes or requiring any addition to, or alterations in, any existing water supply must apply for the same on a printed form to be had at the Municipal Office free of cost and the work must be commenced within six months from the date of sanction, failing which the sanction shall be deemed to be withdrawn and a fresh application and sanction shall be required.

2. A fee of rupees one hundred must be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply-pipe or a common communication-pipe laid in accordance with rule 3 before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

3. Except as provided below each holding must have a separate connection to the municipal main supply-pipe and extensions from the communication-pipe of one holding to another holding shall not be permitted:

Provided that with the consent of the Commissioners in meeting connections to two or more holdings may be permitted from a common communication-pipe. Any such communication-pipe must be laid in a street or common passage and a stop-cock and meter as provided for in rule 7 must be fixed on the connection to each holding:

Provided also that no holding shall have more than one separate connection, but the Commissioners at a meeting may grant a second connection to a holding, on the same terms and subject to the same conditions and fees as are prescribed by these rules for the first connection, if the annual value of such holding is not less than rupees 1,500 and if the Commissioners are satisfied that the supply of water to such holding cannot be properly and adequately secured by a single connection.

4. The owner or occupier of the holding in respect of which the connection is required must bear the entire cost of the connection including the supply and fixing of the fittings referred to in rule 7 and must also pay the cost of such alterations in, or repairs to, roads, drains, sewers, gas or water-mains or pipes and the cost of such other works as may be necessitated by, or result from, the work of making such connection.

5. The owner or occupier of the holding to which a connection has been given must, at any time, on receipt of notice to do so from the Commissioners, pay the entire cost of any repair or alterations to the connection or any part thereof that the Commissioners may consider necessary to put it into a satisfactory condition or which may be necessitated by any change in the municipal water works or system of distribution or by the defective condition of the connection or any part thereof or by any other cause whatever.

6. (*1*) The works required under rules 4 and 5 may, at the option of the Commissioners, be carried out either by the Commissioners themselves at the expense of the owner or

occupier of the holding in respect of which the works are required or by a person or firm employed by such owner or occupier, and approved by the Commissioners.

(2) No work shall be carried out under sub-rule (1) except under the supervision of a municipal officer.

7. A holding connection shall comprise the following parts and fittings:—

(a) an expansion nipple or a brass or gun-metal ferrule inserted in the main supply-pipe;

(b) a galvanized iron communication-pipe from the expansion nipple or ferrule to the meter;

(c) a stop-cock and its surface box;

(d) a meter;

(e) service-pipes from the stop-cock to the taps; and

(f) taps.

8. (1) All fittings referred to in rule 7 shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them in meeting.

(2) All fittings shall be inspected and tested and stamped by an officer of the municipality before being fixed.

(3) If any owner or occupier shall desire to adopt any fitting of a pattern different from the standard patterns, he must present such fittings for the approval of the Commissioners, and any fittings so presented may, if considered satisfactory by the Commissioners in meeting, be stamped and samples thereof may be purchased and placed among the standard fittings.

9. The holding connection when fitted in position must be capable of standing a pressure of 100 feet and no water shall be supplied until this test has been applied by the Commissioners.

10. The size of the expansion nipple or ferrule and the diameter of the communication-pipe referred to in clauses (a) and (b) of rule 7 and the number of taps shall be fixed in accordance with the annual valuation of holding as follows:—

Annual valuation of holding.	Size of ferrule or expansion nipple.	Diameter of communication-pipe.	Number of taps.

11. (1) On every communication-pipe a brass or gun-metal stop-cock having the same waterway as such pipe shall be placed as near as practicable to the point where that pipe enters the holding to be supplied.

(2) The stop-cock shall be built in a brick chamber provided with a cast-iron surface cover box so designed that it can be locked and the key of the box shall remain under the control of the Chairman.

(3) The stop-cock shall be capable of adjustment so that the supply to the holding may be regulated thereby.

(4) Whenever a communication-pipe is laid across a sewer or open drain or in any place where in the opinion of the Commissioners it is liable to injury, such pipe shall be passed through an exterior cast-iron pipe of sufficient length and strength to afford due protection to it.

12. (1) The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined.

(2) The meter must be fixed in a brick chamber covered with a cast-iron surface box of approved pattern.

(3) Subject to the provisions of rule 14 no meter must be touched or interfered with in any way except with the permission of the Chairman.

13. Neither the stop-cock nor the meter must be placed in any private premises.

14. The Commissioners shall depute an authorised person to read every meter not less than once a quarter and shall give notice to the occupier at least twenty-four hours before the reading is recorded. If the occupier fails to attend, the inspection shall be made in his absence.

15. In the event of a meter ceasing to register, the quantity of water consumed during the period the meter has stopped to register, shall be calculated on the basis of the average consumption of water of the holding for the last four quarters.

16. (1) Every owner or occupier of any holding in respect of which a connection has been made under these rules shall be entitled to a supply of—

(a) 4,200 gallons of water per quarter for each rupee, and

(b) a further proportionate number of gallons per quarter for every additional fraction of a rupee,

(a) For any excess quantity of water not exceeding one half of the amount of allowance prescribed in sub-rule (1) ..	0 4

(d) For any excess quantity of water exceeding twice the amount of allowance prescribed in sub-rule (1)	1 0

17. The Commissioners may cut off the connection between the municipal water supply and any holding to which water is supplied or may turn off such supply in any of the following cases; namely:—

(a) if the holding is unoccupied;

(b) if the occupier refuses to admit any officer duly empowered in that behalf into the

holding for the purpose of making any examination or inspection authorised under this Act or under any bye-law or rule framed under this Act or prevents such officer from making such examination or inspection;

(*c*) if the owner or occupier of the holding touches or interferes with his meter in any way except with the permission of the Chairman or wilfully or negligently injures or damages it;

(*d*) if the owner or occupier of the holding wilfully or negligently permits waste of water in such volume as will in the opinion of the Chairman, endanger the water supply in the neighbourhood;

(*e*) if the owner or occupier of the holding shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of thirty days after he has been served with a notice of demand for the same:

Provided that the connection shall be restored on payment by the defaulter of all liabilities which he may have incurred under these rules together with a penalty of rupee 1 and the cost of restoration;

(*f*) if the owner or occupier of the holding constructs or fixes any cisterns, tanks, reservoirs, taps, pipes, pumps or any other works in connection with the water supply not authorised by these rules;

(*g*) if the pipes, taps, stop-cocks, cisterns or any other parts of the connection are, in the opinion of the Commissioners at a meeting, in a leaky condition or in a state of disrepair:

Provided that such disconnection or turning off of water supply shall not relieve any person from any liabilities which he may have incurred under these rules.

In the circumstances contemplated in clause (*d*) an officer authorised by the Commissioners in this behalf by a general order shall have the power to turn off the supply for a period not exceeding eight hours on his previously recording his reasons in writing and a copy of the reasons recorded shall be supplied to the owner or occupier.

18. Every tap shall be of the same size as the pipe to which it is attached and shall be of brass and of the pattern known as "Screw down." Every tap shall be at least 3 feet above the surface of the ground beneath.

The inlet to every such cistern, tank or reservoir must be controlled by an efficient ball-cock so that the discharges thereinto is completely stopped when the cistern, tank or reservoir is full.

1. These rules may be called the Re-employed Personnel (Conditions of Service) Rules, 1932.

2. In these rules—

(*a*) "re-employed government servant" means a government servant who, having been discharged or permitted to retire on the conditions contained in the retrenchment orders, or having been discharged in such circumstances that the said conditions would have applied but for the excluding provision in order 1 of Section A of the said orders, is thereafter re-employed, or before the taking effect of his retirement is continued in employment, in a service (not being a Central Service Class I) subject to the rule-making power of the Governor-General in Council under the Civil Services (Classification, Control and Appeal) Rules;

(*b*) "re-employment" with its grammatical variations and cognate expressions includes such continuance in employment as aforesaid;

(*c*) "previous service" means the service of a re-employed government servant, preceding his discharge or the grant of permission to retire as aforesaid;

(*d*) "Retrenchment Orders" means the orders circulated with the memorandum of the Government of India in the Finance Department No. 78-II-Ex. I-31, dated the 12th November 1931.

3. No government servant shall be rendered ineligible for re-employment in any service by reason of his age unless he has attained the age prescribed for superannuation from that service.

4. Subject to the provisions of these rules a re-employed government servant shall be subject to such conditions of service in respect of pay, leave and all other matters as would for the time being be applicable to him if he had entered government service for the first time on the date of his re-employment.

5. Where the previous service of a re-employed government servant was pensionable the following provisions shall apply with respect to the retention of the compensation pension or gratuity (not including the special gratuity sanctioned under order 6 in Section B of the Retrenchment Orders) accruing in respect of his previous service—

(1) If the government servant is re-employed in superior service with an initial pay of not less than 75 per cent. of the pay of the permanent (non-tenure) post on which he held a lien (active or suspended) on the date of his receipt of notice of discharge or of acceptance of his offer to retire, the portion, if any, of such compensation pension or gratuity which he shall be permitted to retain shall be determined by the Governor-General in Council.

(2) A government servant re-employed in superior service with an initial pay of less than 75 per cent. of such pay as aforesaid or in inferior service shall be entitled to retain the whole of such compensation pension or gratuity.

(3) If the pay of a government servant re-employed in superior service whose initial pay on re-employment was not less than 75 per cent. of such pay as aforesaid thereafter becomes less than 75 per cent. thereof by reason of a reduction in the rates of pay applicable to the service in which he is re-employed he shall be entitled from the date of such reduction to receive the whole of such compensation pension as aforesaid, or as the case may be to receive payment of such compensation gratuity as aforesaid less any amount thereof which he may have been permitted to retain under clause (1).

6. (1) Where a government servant is re-employed in permanent superior service before the expiration of the leave granted under order 2 in Section B of the Retrenchment Orders he shall notwithstanding re-employment be entitled to draw leave salary in addition to pay for the unexpired portion of such leave, and the period during which leave salary is so drawn shall be reckoned as leave for the purposes of clause (1) of order 4 in Section B of the Retrenchment Orders: provided as follows:—

(*a*) Any compensation pension or gratuity retained under rule 5 shall not commence or become due for payment until such leave has expired;

(*b*) No period of re-employment otherwise qualifying for a second pension or gratuity shall so qualify if it coincides with a period already reckoned by virtue of the Retrenchment Orders for compensation pension or gratuity in respect of previous service, or with a period in respect of which the re-employed government servant continues under sub-rule (1) of rule 10 to be a member of a Contributory Government Provident Fund applicable to his previous service.

(2) Where a government servant is re-employed in permanent superior service, he shall refund in such instalments as the re-employing authority may direct the amount, if any, by which the gratuity payable under order 6 in Section B of the Retrenchment Orders exceeds—

(*a*) in the case of a government servant whose initial pay on re-employment is not less than the pay on which the said gratuity was calculated an amount equal to 1/24th of a month's pay, determined in accordance with the said order 6, for each completed month which elapses between the expiration of leave on full or average pay and the date of re-employment;

(*b*) in the case of a government servant whose initial pay on re-employment is less than the pay on which the said gratuity was calculated the aggregate of such amount as aforesaid and of an amount calculated in accordance with the formula contained in the said order 6 on the basis of the excess of the pay on which the said gratuity was calculated over the initial pay on re-employment.

Explanation: Where the amount specified in clause (*a*) or the aggregate of the amounts specified in clause (*b*) as the case may be, exceeds the gratuity payable under the said order 6, no additional payment shall be made.

(3) A government servant re-employed in permanent superior service shall not be required to refund any travelling allowance drawn in accordance with order 7 in Section B of the Retrenchment Orders and actually utilised but he shall receive no travelling allowance for the purpose of joining Government service on re-employment.

7. (1) Sub-rules (1) and (3) of rule 6 shall apply to a government servant re-employed in temporary or officiating superior service in like manner as they apply to a government servant re-employed in permanent superior service.

(2) A government servant re-employed in temporary or officiating superior service shall be entitled to draw and retain the whole of the gratuity payable, under order 6 in section B of the Retrenchment Orders; provided that if his service thereafter becomes permanent he shall be required to refund in such instalments as the re-employing authority may direct the amount, if any, which he would have been required to refund under sub-rule (2) of rule 6 if he had originally been re-employed in permanent service.

8. A government servant re-employed in inferior service, whether permanent, officiating or temporary, shall be entitled to retain all the concessions accruing to him under the Retrenchment Orders including leave salary for any period admissible as leave under the said orders but coinciding wholly or partly with a period of re-employment; provided that no period of re-employment otherwise qualifying for a second pension or gratuity shall so qualify if it coincides with a period already reckoned by virtue of the Retrenchment Orders for the original compensation pension or gratuity.

9. If any question arises whether the service in which a government servant is re-employed is permanent or officiating or temporary, or whether it is superior or inferior, the question shall be referred to the Governor-General in Council whose decision shall be final.

10. (1) Where a re-employed government servant is on the date of his re-employment a member of a government provident fund (whether contributory or not) applicable to his previous service, he shall continue to be a member of such fund until the date of expiration of the leave granted to him under order 2 in Section B of the Retrenchment Orders on which date the amount standing to his credit in the fund shall become payable:

Provided that nothing in this sub-rule shall operate to the prejudice of any rule of the fund permitting the whole or any part of such amount to be paid on an earlier date.

(2) Where a re-employed government servant is required or permitted under the conditions of service applicable to him on re-employment to become a member of a government provident fund (whether contributory or not) his obligation or as the case may be his right to become a member of such fund shall, if the date of his re-employment precedes the date of expiration of the leave granted to him under order 2 in Section B of the Retrenchment Orders, not take effect until the last-named date.

(3) Where a re-employed government servant continues under sub-rule (1) to be a member of a government provident fund applicable to his previous service until the date of expiration of the leave granted to him under order 2 in Section B of the Retrenhment Orders and becomes on the same date a member of a government provident fund applicable to his,

service on re-employment he shall, whether or not the fund applicable to his service on re-employment is the same fund as the fund applicable to his previous service, become a member of the fund applicable to his service on re-employment on the footing of a new member and his account in the fund applicable to his previous service shall be closed with effect from the date on which the amount standing to his credit therein becomes payable under sub-rule (1).

(4) This rule shall be deemed to be incorporated in, and shall have effect notwithstanding anything otherwise contained in, the rules of any provident fund affected thereby.

The 12th September 1932.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 25th September 1932.

First Forecast of the Winter Rice Crop of Bengal, 1932-33.

(NOTE.—On an average of the five years ending 1930-31, the area under winter rice in Bengal has represented some 17·4 per cent. of the total area under rice in British India.)

Character of the season.—The rainfall in February and March was generally in defect of the normal. Preparatory tillage, however, commenced in certain low-land tracts of East and North Bengal. The drought which extended up till the middle of April interfered with the progress of sowing. Since then, however, the operation was facilitated by sufficient rainfall. Good rain in the latter part of May benefited the growth of broadcast paddy generally. Rainfall in June helped the preparatory tillage for transplanted paddy and of its sowing in seed-beds. Moderate rainfall during the months of July and August facilitated the transplanting operation, but more rain was still required in West and parts of North Bengal. On the whole the present outlook, so far, is satisfactory for the crop.

Acreage.—According to the figures returned by the District Officers, the total area under winter rice is 15,836,200 acres as compared with 15,500,800 and 15,571,400 acres in the corresponding and final forecasts of last year.

Outturn.—From the summary of the district returns appended, it will be seen that six districts expect a normal crop of 100 per cent., seventeen districts a crop varying from 75 to 92 per cent. and four districts only report a crop as low as 65 to 67 per cent. of the normal.

According to the above estimates, the provincial outturn works out to 87 per cent. as against 90 and 100 per cent. of the normal estimated in the corresponding and final forecasts of last year.

G. P. HECTOR,
Director of Agriculture, Bengal (offg.).

Bogra ..	337,000	362,000	360,000	90	75	March. Normal	July. Normal in some places but late in others.	All lands have not yet been transplanted. The rainfall is not uniform in all places. Short rainfall in some places is causing the transplantation late. Broadcast paddy has been damaged by flood in East Bogra. Present condition of the crop looks fair but it is difficult to say if the outturn will be good.
Pabna ..	404,200	217,000	432,000	62	83	Serajganj—Middle of March. Sadar—Middle of May. Normal.	First week of July. Normal.	The increase in area is due to extension of cultivation owing to restricted cultivation of jute. The weather has been favourable though there was want of rainfall in the beginning. Some damage has been caused in the *bhil* area by the early rise of water. The outturn is expected to be below the normal owing to want of sufficient flood water.

Dacca ..	672,400	668,500	641,700	79	78	April. Normal	July. Normal ..	The decrease in area is due partly to increase in area under jute and partly to increase under other *bhadoi* crops. The weather has been fairly favourable. Sudden subsidence of water has caused slight damage.

The weather was a little unfavourable at sowing time owing to high flood and heavy rains which affected the young seedlings but subsequently it has been favourable. Pamari insects did some damage in the early stages, but the crop is recovering.

Tippera	803,800	848,900	844,000	92	83	Middle of March. Normal	Middle of July. Normal.	Insufficient rain in July somewhat affected the growth of the crop.
Noakhali	705,000	692,900	689,000	75	65	May. Normal	August. Normal	The weather has not been favourable owing to rains coming late which affected the growing of seedlings. Hence the outturn is expected to fall below the normal.
Chittagong Hill Tracts.	44,300	44,300	44,300	83	67	3rd week of May. Normal.	Second week of August. Late.	The cultivation and growth of the crop suffered for want of rain during the period between the middle of June and third week July. The flood in the second week of June and fourth week of July caused much damage to broad-casted paddy and to seedlings of transplanted paddy.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 25th September 1932.

Preliminary forecast of the Bhadoi Crops of Bengal, 1932-33.

(NOTE.—On an average of the five years ending 1930-31, the area under autumn rice in Bengal has represented some 6·1 per cent. of the total area under rice in British India.)

Character of the season.—Rainfall in February and March was favourable for preparatory tillage in certain low-land tracts of East Bengal, but drought which extended up till the middle of April interfered with the progress of sowing. A less area under bhadoi paddy was sown in consequence. Since then conditions have been favourable for sowing. Good rainfall in the latter part of May facilitated further sowings. During the months of June and July occasional rainfall and alternate sunshine helped the growth and development of the crops. On the whole the season has been a satisfactory one.

Acreage.—The total acreage sown with the different bhadoi crops this year is reported to be 6,540,100 acres as against 6,887,700 and 6,929,100 acres, respectively, in the corresponding and final forecasts of last year. Of this, the area under autumn rice is estimated at 5,792,900 acres as against 6,138,800 and 6,163,000 acres, respectively, in the corresponding and final forecasts of last year. The decrease in area, specially for bhadoi paddy, is attributed mainly to want of timely rainfall.

Outturn.—According to District Officers' estimates, the outturn of the different bhadoi crops for the Presidency works out at 83 per cent. of the normal this year as against 81 per cent. both in the corresponding and final forecasts of last year.

The autumn rice is estimated to yield an outturn of 82 per cent. of the normal for the province this year as against 90 per cent. estimated by this department both in the corresponding and final forecasts of last year. In my opinion the outturn of autumn rice is an underestimate, and the crop will approximate to 90 per cent. of the normal this year.

G. P. HECTOR,

Director of Agriculture, Bengal (offg.).

DEPARTMENT OF AGRICULTURE, BENGAL.

Dated Dacca, the 28th September 1932.

Second Forecast of the Cotton Crops of Bengal, 1932-33.

(NOTE.—On an average of the five years ending 1930-31, the area under the cotton crops in Bengal has represented some 0·2 per cent. of the total area under cotton in India.)

There are two crops, early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State and to a small extent in other districts. The "late" crop is grown in Bankura and Midnapore.

Character of the season.—At the outset the weather was not favourable in Midnapore, Mymensingh and the Chittagong Hill Tracts. Subsequently during the period of monsoon alternate rain and sunshine have improved the prospects of the early crop and the present condition is reported to be fairly satisfactory, on the whole. In Mymensingh, however, the condition is reported to be poor.

Sowings of late variety commenced in Midnapore under fair conditions.

Area sown.—The area sown with early cotton is reported to be 74,520 acres this year, as against 74,327 acres in the corresponding forecast of last year. Of the late crop an area of 450 acres is reported to have been sown this year in Midnapore as against 455 acres reported in the corresponding forecast of last year.

Director of Agriculture, Bengal (offg.).

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 28th September 1932.

Second Forecast of the Sugarcane Crop of Bengal, 1932-33.

(NOTE.—On an average of the five years ending 1930-31, the area under sugarcane in Bengal has represented some 7·0 per cent. of the total area under sugarcane in British India.)

Character of the season.—At the outset the weather was generally favourable for planting and for germination. During the monsoon period occasional rainfall with alternate sunshine benefited the growth and development generally. On the whole, the season has been a favourable one for the crop this year.

Area planted.—The total area planted with the crop for the province is reported to be 232,300 acres this year as against 228,800 and 233,400 acres reported, respectively, in the corresponding and final forecasts of last year.

Outturn.—According to the estimates of District Officers the average outturn of the crop for the province this year works out at 92 per cent. of the normal against 88 and 86 per cent., respectively, in the corresponding and final forecasts of last year.

Condition figure.—The condition figure for the cane crop is estimated at 92 per cent. as against a ten years' average of 82 per cent. This means that the condition of this year's crop is equal to about 112 per cent. of the ten years' average.

Director of Agriculture, Bengal (offg.).

Part VI

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly :—

A Bill to remove certain doubts regarding the dissolution of marriages of persons professing the Hindu religion.

WHEREAS it is expedient to remove certain doubts regarding the dissolution of marriages of persons professing the Hindu religion in certain cases ; It is hereby enacted as follows :—

Short title, application and extent.

1. (*1*) This Act may be called the Hindu Marriages Dissolution Act, 193 .

(*2*) It applies to all Hindus, and extends to the whole of British India.

Ground for dissolution of marriage.

2. Notwithstanding any law or custom to the contrary, a Hindu wife shall be entitled to obtain a declaration of the invalidity of her marriage or its dissolution for any of the following reasons, namely :—

(*a*) impotency of the husband ;

(*b*) his imbecility ;

(*c*) the fact that he was suffering from sanious or ulcerous leprosy.

Saving of other rights.

3. Nothing herein contained shall be deemed to restrict the rights of dissoultion of marriages otherwise existing.

STATEMENT OF OBJECTS AND REASONS.

Under the Hindu law the main object of marriage is the procreation of a male off-spring. It was so necessary that that result was obtained by the practice of *Niyog*, which provided the wife with a companion when the husband himself was imbecile or impotent. As that practice has fallen into desuetude, it is necessary that wives married to such persons should obtain relief ; since if they can no longer practise *Niyog* they should be free to adopt the only honourable course open to them of securing their release from the bondage of such marriages. This is all the more necessary, since under Hindu law both the husband suffering from any of these disabilities and his wife are excluded from all rights in property. It is, therefore, hoped that this measure will give the Hindu wife some relief to which she is so clearly entitled. The Bill is not intended to introduce any innovation in the Hindu law of marriages. If passed, it will have the effect of merely restoring the old law laid down by Narad and Vashisth whose Smritis are of the most revered authorities on Hindu law :

" Narad : XII—8. The man must undergo an examination with regard to his virility ; when the fact of his virility has been placed beyond doubt, he shall obtain the maiden (but not otherwise).

I b. 16. For the wife of one who spills his semen, or whose semen is devoid of strength though they may have discharged their marital duties, another husband must be procured after she has waited for half a year.

I b. 19. Women have been created for the sake of propagation, the wife being the field, and the husband the giver of the seed. The field must be given to him who has seed. He who has no seed is unworthy to possess the field.

I b. 24. When a bridegroom goes abroad after having espoused a maiden, let the maiden wait till her menses have passed three times and then choose another bridegroom.

I b. 37. Madness, loss of caste, impotency, misery, to have forsaken his relatives (affliction with a chronic or hateful disease, and deformity) : these are the faults of a suitor.

I b. 97. When her husband is lost or dead, when he has become a religious ascetic, when he is impotent, and when he has been expelled from caste : these are the five cases of legal necessity, in which a woman may be justified in taking another husband."

(Narad xii—8, 16, 19, 24, 37, 97, 9-S. B. E., page 166 *et seq.*)

Vashisth—20. And she is called remarried who leaving an impotent, outcast or mad husband takes another lord. (Vashisth XVII—20 ; 14-S. B. E.-867.)

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 5th October 1932.

Summary.—During the week rainfall was generally light over the greater part of the Presidency. More rain is urgently needed to help the growth and development of transplanted winter paddy, especially in West and parts of North Bengal. Preparatory tillage for early spring crops is proceeding favourably. Distress prevails in parts of Pabna where none attended the test relief works on the last day of the week ending on the 1st October 1932. The average price of common rice for the province has remained almost stationary as compared with that of the previous week.

No. F. 78-II-Ex. I/31.—The following Resolutions made by the Secretary of State for India in Council are published for general information:—

Resolution 1.

In exercise of the powers conferred by subsection (*2*) of section 96B of the Government of India Act, the Secretary of State for India, with the concurrence of a majority of votes at a meeting of the Council of India held this 3rd day of May 1932, hereby makes the following rules:—

PART I.—*General.*

1. (1) These rules may be called the Superior Civil Services (Compulsory Retirement) Rules, 1932, and will remain in force until 31st December, 1933.

(2) (*a*) They apply to Government servants in wholetime permanent service the determination of whose conditions of service is reserved to the Secretary of State in Council, and who, on or after the 1st January, 1932, have been, or may, while these rules remain in force, be selected for compulsory discharge before reaching the age of superannuation with a view to securing a reduction on purely financial grounds in the cadres of their respective Services;

(*b*) A Government servant whose offer to retire on the conditions specified in these rules is accepted by Government shall be deemed to have been selected for compulsory discharge as aforesaid.

(3) Notwithstanding anything contained in sub-clause (2) these rules shall not apply to—

(*a*) A Government servant, who on the date on which he is required to demit office has at his credit sufficient leave admissible on average or half average pay to carry him to the date of his superannuation;

(*b*) A Government servant on leave when he is selected for compulsory discharge who is required by rule or order to produce a certificate of fitness before he returns to duty and whom the competent medical authority pronounces permanently unfit to return to duty;

(*c*) A Government servant granted at his own request before he is selected for compulsory discharge leave with permission to retire on its expiry;

(*d*) A Government servant against whom disciplinary proceedings are in progress, unless he is honourably acquitted of the charges pending against him;

(*e*) A Government servant who has been or may, while these rules remain in force, be required by Government to show cause why he should not be discharged for inefficiency, unless he is absolved of the charge;

(*f*) A Government servant subject to the provisions of Article 465-A., C. S. R., who, having completed qualifying service to the extent prescribed therein, is considered by the Secretary of State in Council to be unfit for retention on personal as opposed to financial grounds;

(*g*) A Government servant who, being a civil engineer of the Public Works or Railway Department, and having attained the age of 50 years has been definitely passed over for promotion to the rank of Superintending Engineer or equivalent administrative rank;

(*h*) A member of the Indian Civil Service, or of the Indian Ecclesiastical Establishment, or a Government servant whose pension is determined by Army or Marine Regulations;

(*i*) Save to the extent provided in subrule (2) of Rule 6 of these rules, a Government servant on extension of service beyond the age of superannuation.

2. For the purposes of these rules—

(*a*) "Government" means the Governor-General in Council or a Local Government as the circumstances require;

(*b*) the age of superannuation is the age prescribed in Rule 56 of the Fundamental Rules or Article 459 of the Civil Service Regulations according as the Government servant concerned is subject to the Fundamental Rules or to the Civil Service Regulations.

3. A Government servant admitted under these Rules to any benefit which is not otherwise admissible to him may, if he is subsequently continued or re-employed in Government service, be required to forego that benefit to such extent as the Secretary of State in Council may by general or special order direct.

PART II.—*Pensionable Service.*

4. The rules in this Part apply subject to the provisions of Rule 1 to Government servants in pensionable service.

5. (1) No gratuity in lieu of notice admissible otherwise than under these rules shall be paid to any Government servant:—

(*a*) whose offer to retire is accepted; or

(*b*) who, being required to retire, is entitled under these rules in respect of the period beginning from the day following that on which he is served with notice of discharge to total receipts, by way of pay, leave salary and gratuity under rule 9, exceeding the amount of pay that would have been admissible to him had he held for three months from the beginning of that period the permanent post on which, at the time he proceeds on leave, he holds a lien, or would hold a lien had his lien not been suspended.

(2) To a Government servant whose total receipts accruing from the sources aforesaid fall short of three months' pay calculated in the manner aforesaid, so much gratuity only shall be paid in lieu of notice as will suffice to supplement that income up to three months' pay calculated in the manner aforesaid.

6. (1) A Government servant to whom this Part applies shall be granted from such date as Government may determine such leave on average and/or half average pay pending retirement as is due and admissible to him other than leave on medical certificate:

Provided that no such leave shall extend—

(*i*) beyond a date 28 months from that date;

(*ii*) beyond the date on which he attains the age of superannuation;

(*iii*) beyond the date from which he asks that his pension should take effect;

whichever of these three dates is earliest.

(2) Notwithstanding anything hereinbefore contained leave due may be granted up to six months in all to a Government servant who has been granted before 1st January 1932 an extension of service beyond the date of his superannuation:

provided that such leave shall nevertheless terminate when his current extension of service expires.

7. A Government servant retiring under these rules shall receive the pension admissible to him under the rules governing compensation pension in force at the date of his retirement.

8. (1) Notwithstanding anything contained in the rules ordinarily applicable to him, a Government servant compulsorily discharged shall be entitled—

(*i*) to count as qualifying service for ordinary pension, out of the period of leave granted to him pending retirement, X/24ths of such period not otherwise qualifying for pension, X being the number of complete months elapsing between the date of expiry of the leave taken and the date of superannuation, but in no case more than the period of leave not otherwise qualifying;

(*ii*) to be treated for the purpose of Articles 403, 404-A, 475 and 475-A, Civil Service Regulations, as if he were being retired on superannuation pension.

(2) Nothing in clause (*i*) of sub-rule (1) shall affect the counting of leave for special additional pension which shall be subject to the limitations prescribed in the Civil Service Regulations.

9. (1) A Government servant to whom this Part applies shall be granted, if his record of service is satisfactory, a gratuity calculated on the pay of the permanent (non-tenure) post on which he holds a lien, on the date on which he is served with notice of discharge (or would hold a lien had it not been suspended), or on the date on which Government accepts his offer to retire.

(2) The gratuity shall be determined with reference to his length of service on such date on the following scale, namely, 1/24th of a month's pay for each completed month of total service, to a maximum of 7½ months' pay when total service amounts to 180 months, diminishing thereafter by 1/24th of a month's pay for each completed month of service in excess of 180 months.

(3) For the purpose of this rule total service shall be reckoned from the date of commencement of service qualifying for pension and shall include periods of leave, ordinary and extraordinary, but not any period of added service admissible under Articles 357-A, 403 or 404-A, Civil Service Regulations or under special orders.

(4) The gratuity shall be paid in rupees as soon as may be after the Government servant demits office, any sterling portion being converted at the rate of 1*s.* 6*d.*

10. A Government servant to whom this Part applies shall receive—

(*a*) travelling allowance for himself and his family according to the Service Rules governing transfers applicable to him (except that he shall be given no additional fares for himself) from the station of his last employment to the place within India where he takes up permanent residence within six months of the date of his demitting office, or

(*b*) if he satisfies Government of his intention to settle outside India—

(*i*) travelling allowance as aforesaid from the station of his last employment to the port of embarkation;

(*ii*) a steamer passage by the all-sea route to a port serving the country of his choice, limited in amount to the cost of a single fare from Bombay to London by P. & O. First Class B, for himself and for any member of his family who was residing with him in India when he received notice of discharge or when his offer to retire was accepted;

Provided that the Government servant and any member of his family for whom such steamer passage is claimed leaves India within six months of the Government servant's demitting office.

PART III.—*Non-pensionable Service.*

11. (1) The rules in this Part apply, subject to the provisions of rule 1, to Government servants in non-pensionable service.

(2) A Government servant whose conditions of service are governed by a written contract or agreement shall be deemed to be in permanent service if the terms thereof do not provide for his service to be determined after a specified number of years or on a specific date other than the date on which he attains the age of 55, but shall not be so deemed if the terms of the contract or agreement contain such provision.

12. A Government servant to whom this Part applies compulsorily discharged shall be granted:—

(*a*) if express provision exists in any contract or agreement in force between him and Government determining the terms of premature discharge, the terms provided in that contract or agreement:

(*b*) otherwise, the terms provided for persons in pensionable service in rules 5, 6 and 10, and in addition (*a*) either such gratuity for premature retirement as may be assessed by the Public Service Commission, if such assessment has been included by the Secretary of State in Council in his conditions of service; or (*b*) in the absence of such inclusion, such gratuity as the Secretary of State in Council may consider just and equitable, but in no case exceeding in amount what would have been payable had his service been permanent and pensionable and subject to the same conditions:

Provided that if his conditions of service include Government contribution to a provident fund, he shall be credited with that contribution for the period of leave enjoyed by him under rule 6 as hereinbefore rendered applicable to him, but shall be exempted from the obligation to subscribe to the fund during that leave.

Resolution 2.

In exercise of the powers conferred by subsection (2) of section 96B of the Government of India Act, the Secretary of State for India, with the concurrence of a majority of votes at a meeting of the Council of India held this 30th day of August 1932, hereby makes the following amendments to the Superior Civil Services (Compulsory Retirement) Rules, 1932, namely:—

(*a*) In sub-rule (2) of rule 6 after the words "leave due" the words "other than leave on medical certificate," shall be inserted.

(*b*) After the proviso to rule 10 the following further proviso shall be inserted:—

"Provided further that in lieu of receiving such steamer passages the Government servant may utilise for the purposes of his voyage to the country of his choice any benefits which may be admissible to him in respect of himself and any member of his family under the provisions of the Regulations in Schedule IV to the Superior Civil Services Rules."

(*c*) At the end of sub-rule (1) of rule 11 the phrase "excluding Government servants to whom the Railway Services (Classification, Control and Appeal) Rules apply," shall be inserted.

And the said rules shall have effect and shall be deemed always to have had effect as if they had been made as so amended.

(*2*) In matters not coming within the scope of sub-section (*1*), the provisions of the Code, so far as they are not inconsistent with this Chapter, shall apply to the proceedings of a Special Magistrate; and for the purposes of the said provisions the Special Magistrate shall be deemed to be a Magistrate of the first class.

Sentences by Special Magistrates.

27. A Special Magistrate may pass any sentence authorised by law, except a sentence of death or of transportation or imprisonment for a term exceeding seven years.

Appeals.

28. (*1*) Where a Special Magistrate in any district passes a sentence of transportation for a term not exceeding two years or of imprisonment for a term not exceeding four years, or of fine, an appeal shall lie to the Court of Session.

(*2*) An appeal under sub-section (*1*) shall be presented within thirty days from the date of the sentence.

Retrospective effect of directions under section 25.

29. No direction shall be made under section 25 for the trial of any person by a Special Magistrate, for an offence for which he was being tried at the commencement of this Act before any Court but, save as aforesaid, a direction under the said section may be made in respect of any person accused of a scheduled offence, whether such offence was committed before or after the commencement of this Act.

The Bengal Suppression of Terrorist Outrages Act, 1932.

(*Sections 30—34.*)

Power to convict for offence proved.

30. If in any trial under this Chapter it is found that the accused person has committed any offence, whether such offence is or is not a scheduled offence, the Special Magistrate may convict such person of such offence and, subject to the provision of section 27, pass any sentence authorised by law for the punishment thereof.

Power to exclude persons or public from precincts of Court.

31. A Special Magistrate may, if he thinks fit, order at any stage of a trial that the public generally, or any particular person, shall not have access to, or be or remain in, the room or building used by the Special Magistrate as a Court:

Provided that where in any case the Public Prosecutor or Advocate-General, as the case may be, certifies in writing to the Special Magistrate that it is expedient in the interests of the public peace or safety or of the peace or safety of any of the witnesses in the trial that the public generally should not have access to, or be or remain in, the room or building used by the Special Magistrate as a Court, the Special Magistrate shall order accordingly.

Powers of Special Magistrates to deal with refractory accused.

32. (*1*) Where any accused, in a trial before a Special Magistrate, has, by his voluntary act, rendered himself incapable of appearing before the Magistrate, or resists his production before the Magistrate, or behaves before the Magistrate in a persistently disorderly manner, the Magistrate may, at any stage of the trial, by order in writing made after such inquiry as he may think fit, dispense with the attendance of such accused for such period as he may think fit, and proceed with the trial in the absence of the accused.

(*2*) Where a plea is required in answer to a charge from an accused whose attendance has been dispensed with under sub-section (*1*), such accused shall be deemed not to plead guilty.

(*3*) An order under sub-section (*1*) dispensing with the attendance of an accused shall not affect his right of being represented by a pleader at any stage of the trial, or of being present in person if he has become capable of appearing, or appears before the Magistrate and undertakes to behave in an orderly manner.

(*4*) Notwithstanding anything contained in the Code, no finding, sentence or order passed in a trial before a Special Magistrate shall be held to be illegal by any Court by reason of any omission or irregularity whatsoever arising from the absence of any or all of the accused whose attendance has been dispensed with under sub-section (*1*).

Special rule of evidence.

33. Notwithstanding anything contained in the Indian Evidence Act, 1872, when the statement of any person has been recorded by any Magistrate, such statement may be admitted in evidence in any trial before a Special Magistrate if such person is dead or cannot be found or is incapable of giving evidence and the Special Magistrate is of opinion that such death, disappearance or incapacity has been caused in the interests of the accused. I of 1872.

Application of ordinary law.

34. The provisions of the Code and of any other law for the time being in force, in so far as they may be applicable and in so far as they are not inconsistent with the provisions of this Chapter, shall apply to all matters connected with, arising from or consequent upon a trial by Special Magistrates.

NOTIFICATIONS.

No. 20726P.—25th October 1932.—Whereas the events of the last two years referred to below, the judicial decisions of criminal courts and information in the possession of Government show that the outrage at the Assam-Bengal Railway Institute at Pahartali, near Chittagong, on the night of the 24th September 1932, was committed by members of a terrorist organisation, styling itself the "Indian Republican Army, Chittagong Branch," and that this organisation is recruited from the Hindu bhadralok community of Chittagong town and district and is responsible for the raid on the Armoury at Chittagong, the murder of Inspector Tarini Mukherjee at Chandpur, the murder of Khan Bahadur Ahsanullah at Chittagong and the murder of Captain Cameron at Dhalghat; and whereas it can be confidently inferred from the known facts that the preliminary arrangements for the attack on the Railway Institute could not have been made and the plan itself executed without the knowledge of a great many people ordinarily resident in the locality;

And whereas it appears further that without the connivance of the local inhabitants it would not have been possible for as many as 12 persons to assemble and carry out the raid without detection, or to escape; and that many inhabitants of Chittagong town and neighbourhood should be able to throw light on the occurrence and its perpetrators but have so far failed to communicate their knowledge or their suspicions to the authorities, in response to the communiqué issued by the Government of Bengal on the 29th September 1932;

Now, therefore, as there are good grounds for the belief that persons concerned in the commission of the above offences and other acts prejudicial to the public security and to the maintenance of law and order are being harboured and assisted by the Hindu inhabitants of Chittagong town and neighbourhood, the Governor in Council, in exercise of the powers conferred upon him by sub-section (1) of section 27 of the Special Powers Ordinance, 1932 (X of 1932), hereby imposes a collective fine of Rs. 80,000 on (1) the inhabitants of Chittagong who are owners or occupiers of holdings within the area of the Chittagong municipality which are assessed to municipal taxes and (2) the inhabitants of Pahartali railway colony, and the villages of Patya, Anwara, Kanungopara, Saroatali, Sakpura, Kattali and Gomdandi, subject to any order which may be passed exempting any person or class or section of such inhabitants from the liability to pay any portion of the fine.

2. It is further notified that in order to allow those inhabitants of the areas concerned who have recently formed watch and ward committees for the purpose of assisting the authorities in obtaining information about the movements of terrorists an opportunity of proving their good intentions, realisation of the fine will be postponed until December 1st, 1932. If in the interval information is forthcoming leading to the arrest of all or some of the perpetrators of the outrage of September 24th last, the local Government will, on receiving the recommendations of the local officers, make such adjustment in the amount of the fine and such further exemptions in any area or in the case of any individual as the circumstances may justify.

No. 20729P.—25th October 1932.—In exercise of the powers conferred by section 2 of the Bengal Emergency Powers Ordinance, 1932 (IX of 1932), the Governor in Council is pleased to make the following amendment in the Bengal Emergency Powers Rules, 1932, published under notification No. 13829P., dated the 10th June 1932, namely:—

CALCUTTA, THE 25TH OCTOBER 1932.

RESOLUTION—No. 2953 MEDL.

Minister-in-charge: The Hon'ble Mr. Bijoy Prasad Singh Roy.

In view of the burden thrown on provincial revenues by the cost of providing nurses in the general hospitals of Calcutta, the Government of Bengal have decided that the whole question should be investigated by a committee representative of the various interests concerned.

2. The Calcutta Hospital Nurses Institution, originally established in 1859 to provide women nurses for the Medical College Hospitals, was first given Government assistance, of only Rs. 2,400 a year, in 1860, when its operations were extended to the Presidency General Hospital. The institution was at first a charity supported by European residents of Calcutta and provided skilled nurses for European patients only, but in 1867 its scope was extended to the provision of nurses for Indian patients also at the Medical College and Eden Hospitals. The Government grant was then raised to Rs. 8,400 a year, but in 1883 it was fixed at Rs. 15,000 (half the then annual cost), and later at three times the amount derived from private subscriptions up to a maximum of Rs. 37,500, which was afterwards increased to Rs. 50,000. In 1910 the maximum was raised again to Rs. 75,000, but the extension of the hospitals and the increase in the pay of the nurses made larger grants necessary, and in 1924 the figure was fixed at a lakh. In addition substantial extra grants have been given in recent years.

The following figures show how the expenditure of the institution has increased of late years:—

	Rs.
1914	... 2,04,365
1920	... 2,77,231
1925	... 3,61,509
1930	... 4,21,545
1931	... 4,23,498

One of the principal sources of income of the institution is donations and subscriptions from European sympathisers. A large proportion of these subscriptions has always come from the business men of Calcutta, and these have recently showed a decrease owing to trade depression. Each year shows a growing deficit, and Government have been urged to double their contribution in order to assure the future of the institution. For the current year they have decided to give an emergency grant of Rs. 88,000, but they cannot lightly accept the liability for increased grants over an indefinite period. They fully realise the inestimable value of the work done by the institution, and recognise that the increase in its expenditure and the decrease in its funds are due to circumstances over which its committee has no control. But the Government revenue also has fallen, while demands upon their resources tend continually to grow; it is therefore becoming more and more difficult for Government to provide adequate funds towards the staffing of their hospitals with a sufficient number of efficient nurses.

The institution at present provides for nurses at the Presidency General and the Medical College Hospitals where they get a thorough training; in addition, under a special arrangement, the cost of which is not included in the figures quoted, it provides for nurses at the Carmichael Hospital attached to the School of Tropical Medicine and Hygiene. At the Campbell and Sambhunath Pandit Hospitals the nurses are not provided by the institution, the former of them is not a training centre for nurses and has a proportion of untrained nurses. Of the non-Government hospitals in Calcutta the Dufferin Hospital is a training centre for junior nurses, while it is claimed for the Belgachia Hospital that it has an effective system of nursing on lines cheaper than those followed in the Government hospitals.

Government have decided therefore to appoint the following committee to investigate the problem in all its aspects and in particular to consider whether any economies can be effected by obtaining for their hospitals a supply of well-trained and competent nurses, male or female, from new local sources without any lowering of the present standard:—

1. Lt.-Col. A. D. Stewart, as Chairman.
2. The President, Calcutta Hospital Nurses Institution.
3. Dr. J. N. Moitra, as representative of the Calcutta Corporation.
4. Principal, Medical College.
5. Surgeon-Superintendent, Presidency General Hospital.
6. Principal, Carmichael Medical College.
7. Lady Superintendent of the Lady Dufferin Hospital.
8. Mrs. A. N. Chowdhury.
9. Mr. L. M. Banerji, Medical College.
10. Rai Bahadur Dr. Haridhan Dutt.
11-12. Mr. C. G. Cooper, M.L.C., and Dr. R. M. Bradley, B.A., M.D., CH.M., as representatives of the principal subscribers to the Calcutta Hospital Nurses Institution.

By order of the Govt. of Bengal
(Ministry of Local Self-Govt.),

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 5th September, 1932:—

L. A. BILL No. 33 OF 1932.

A Bill further to amend the Indian Income-tax Act, 1922, for a certain purpose.

WHEREAS it is expedient further to amend the Indian Income-tax Act, 1922, for the purpose hereinafter appearing; It is hereby enacted as follows:— XI of 1922.

Short title and commencement.

1. (*1*) This Act may be called the Indian Income-tax (Amendment) Act, 1932.

(*2*) It shall come into force on the 1st day of April, 1933.

Amendment of section 4, Act XI of 1922.

2. In sub-section (*2*) of section 4 of the Indian Income-tax Act, 1922,— XI of 1922.

(*a*) after the words "Profits and gains," the words "of a business" shall be omitted; and

(*b*) the words "provided that they are so received or brought in within three years of the end of the year in which they accrued or arose" shall be omitted.

STATEMENT OF OBJECTS AND REASONS.

Under section 4 (*2*) of the Indian Income-tax Act, 1922 (XI of 1922), income derived from sources abroad by a resident in British India is liable to income-tax in British India only if (*a*) it is derived from *business*, and (*b*) it is received in or brought into British India within three years from the end of the year within which it accrued, arose or was received abroad.

2. There seems to be no logical ground for not treating other classes of foreign income of a resident in British India (for example, income from investments abroad) on the same footing as income from business, nor does there seem to be any valid reason why foreign income should not be liable to tax *whenever* it is received in or brought into British India.

3. It is therefore proposed to amend the section in question so as to render *all* foreign income of a resident in British India from *whatever* source derived, liable to income-tax in British India, *whenever* it is received in or brought into British India.

The following Bill was introduced in the Legislative Assembly on the 5th September, 1932:—

L. A. BILL No. 40 OF 1932.

A Bill further to amend the Code of Criminal Procedure, 1898, for a certain purpose.

WHEREAS it is expedient further to amend the Code of Criminal Procedure, 1898, for the purpose hereinafter appearing; It is hereby enacted as follows:— V of 1898.

Short title.

1. This Act may be called the Code of Criminal Procedure (Amendment) Act, 1932.

Amendment of section 526, Act V of 1898.

2. In section 526 of the Code of Criminal Procedure, 1898,— V of 1898.

(*a*) in sub-section (*5*), for the words "has power under this section to award by way of costs" the words "may under this section award by way of compensation" shall be substituted;

(*b*) in sub-section (*6A*), for the word "costs" the word "compensation" shall be substituted, and for the words "any expenses reasonably incurred by such person in consequence of the application" the words "such sum as it may consider proper in the circumstances of the case" shall be substituted; and

(*c*) for sub-sections (*8*) and (*9*), the following sub-sections shall be substituted, namely:—

"(*8*) If in any inquiry under Chapter VIII or Chapter XVIII or in any trial, any party interested intimates to the Court before such inquiry or trial is begun that he intends to make an application under this section, the Court shall not proceed with the inquiry or trial beyond the examination, including cross-examination and re-examination, if any, of the last witness for the prosecution unless or until such party has had a reasonable opportunity of making the application and obtaining an order thereon.

Explanation 1.—A trial or inquiry before a Magistrate is begun when the first witness is called, and a trial before a Court of Session is begun when the charge is read out in Court.

Explanation 2.—In warrant-cases the last witness for the prosecution is the last witness examined under section 252.

(*9*) If, before the argument (if any) for the admission of an appeal begins, or, in the case of an appeal admitted, before the argument for the appellant begins, any party interested intimates to the Court that he intends to make an application under this section, the Court shall not proceed with the appeal unless or until such party has had a reasonable opportunity of making the application and obtaining an order thereon."

STATEMENT OF OBJECTS AND REASONS.

Sub-section (*8*) of section 526 of the Code of Criminal Procedure, 1898, as it stood prior to its amendment in 1923, provided that if, in any criminal case or appeal, *before the commencement of the hearing*, the Public Prosecutor, the complainant or the accused notified to the Court before which the case or appeal was pending, his intention to make an application to the High Court for transfer of the case or appeal, the Court should exercise the powers of postponement or adjournment given by section 344 in such a manner as would afford a reasonable time for the application being made and an order being obtained thereon, before the accused was called on for his defence, or, in the case of an appeal, before the hearing of the appeal. Act XVIII of 1923 amended this sub-section so as to provide that if an application for transfer is made *at any time in the course of any inquiry or trial, or before the commencement of the hearing of any appeal*, "the Court shall adjourn the case or postpone the appeal." It also added sub-section (*9*) empowering a Sessions Court to refuse to adjourn a trial if it is of opinion that the application has been unreasonably delayed. The practical working of this new procedure has been carefully observed by Government over a considerable period, and they have come to the conclusion that it lends itself to grave abuse and is calculated to defeat the ends of justice. This view was recently endorsed in a judgment of Lort-Williams, J., in the case of Neamat Sha *versus* the Emperor (I. L. R. 59 Calcutta 482) in which he recommended the amendment of the section. He remarks:—

> "The position created by section 526 (*8*) is truly amazing, one effect being that no accused person can be convicted except with his own consent. No discretion is given to the Court by the section. If the accused notifies his intention to make an application to the High Court for transfer, the trial must be adjourned immediately. There is no limit to the number of such notifications which may be given during the course of any trial. * * * * * The abuse of process which sub-section (*8*) makes possible obviously may be aggravated to almost any extent, where there is a joint trial, and each accused person is represented by a different pleader."

There is indeed a general consensus of opinion among judicial authorities that these provisions are in urgent need of amendment. The Bill proposes to restore the position as it stood before 1923, but in restoring the provisions that then existed, it recasts them so as to eliminate certain ambiguities that had shown themselves.

Sub-section (*6A*) was inserted in the section by the same amending Act XVIII of 1923. The safeguard provided by this sub-section has been characterised by Lort-Williams, J., in the judgment of the Calcutta High Court referred to above as "wholly illusory," one reason given being that "applications in the High Court are opposed usually by or on behalf of the Legal Remembrancer, who is paid by salary and not by fees, which makes it difficult to assess his reasonable expenses incurred in opposing the application." The amendments in sub-sections (*5*) and (*6A*) proposed by the Bill are aimed at meeting this criticism.

24. Any person accused of the commission of an offence punishable under section 24, 25, 26, 28, 67 or 70, or by reason of the provisions of Chapter VI of the Special Powers Ordinance, 1932, may, notwithstanding the expiry of the said Ordinance, be tried and punished as if such offence were an offence punishable under or by reason of the corresponding enactment of this Act, and as if this Act had been in force at the time of such commission; and any trial of any such offence begun but not completed at the expiry of the Special Powers Ordinance, 1932, may be continued and completed as if it had been begun after the passing of this Act: X of 1932. X of 1932.

Provided that no trial of an offence punishable under section 67 or 70 of the said Ordinance shall be begun, continued or completed in any area in which section 4 or section 7, as the case may be, is not in force.

STATEMENT OF OBJECTS AND REASONS.

The Civil Disobedience movement has made it necessary to supplement the criminal law by means of certain Ordinances promulgated by the Governor-General in exercise of his powers under section 72 of the Government of India Act. The Special Powers Ordinance, which combines powers taken by the earlier Ordinances, expires on the 29th December, 1932. Though the Ordinances have enabled Local Governments and their officers to control the movement, its organisers have not yet abandoned their attempt to paralyse Government and to coerce law-abiding citizens. The experience of the last two years and of previous movements on the same lines shows that, in the absence of certain of the powers at present existing, it is no difficult matter to start or revive such subversive movements. The conditions prevailing at present as a result of the measures taken by the Government of India and Local Governments are such as to render it unnecessary to assume for the whole of British India all the powers conferred by the Special Powers Ordinance now in force, and it is hoped that the powers conferred by Chapter II (Emergency Powers), Chapter IV (Special Courts) and Chapter V (Special provisions against instigation to the illegal refusal of the payment of certain liabilities) will only be needed in certain provinces. It is, therefore, intended by this Bill to take only those powers which a general review of the situation shows are required for the whole of India, and to leave it to Local Governments to supplement these provisions by means of local legislation in order to meet local or emergent conditions.

The present Bill reproduces in the form of amendments to Acts already on the Statute-book certain provisions of the Special Powers Ordinance (X of 1932) and includes—

(*a*) provisions against associations dangerous to the public peace,

(*b*) provisions against certain forms of intimidation,

(*c*) provisions to secure greater control over the Press.

L. A. BILL No. 42 OF 1932.

A Bill to supplement the Bengal Suppression of Terrorist Outrages Act, 1932.

WHEREAS it is expedient to supplement the Bengal Suppression of Terrorist Outrages Act, 1932; It is hereby enacted as follows:— Ben. Act of 1932.

Short title.

1. This Act may be called the Bengal Suppression of Terrorist Outrages (Supplementary) Act, 1932.

Definitions.

2. In this Act,—

(*a*) "Code" means the Code of Criminal Procedure, 1898; and V of 1898.

(*b*) "local Act" means the Bengal Suppression of Terrorist Outrages Act, 1932. Ben. Act of 1932.

(*b*) any sentence of transportation for a term exceeding two years, or of imprisonment for a term exceeding four years passed by a Special Magistrate in any trial under the local Act held outside the Presidency-town of Calcutta.

(*2*) An appeal under sub-section (*1*) shall be presented within thirty days from the date of the sentence, and shall be disposed of by the High Court in the manner provided in Chapter XXXI of the Code for the hearing of appeals.

Effect of section 19 of local Act.

4. Section 19 of the local Act shall have effect as if it had been enacted by the Indian Legislature.

Exclusion of interference of Courts with proceedings under local Act.

5. Notwithstanding the provisions of the Code, or of any other law for the time being in force, or of anything having the force of law by whatsoever authority made or done, there shall, save as provided in the local Act as supplemented by this Act, be no appeal from any order or sentence passed by a Special Magistrate under the local Act and save as aforesaid no Court shall have authority to revise such order or sentence, or to transfer any case from any such Magistrate, or to make any order under section 491 of the Code, or have any jurisdiction of any kind in respect of any proceedings of any such Magistrate, or of any direction made under Chapter II of the local Act.

STATEMENT OF OBJECTS AND REASONS.

The Legislative Council of the Government of Bengal have passed an Act known as the Bengal Suppression of Terrorist Outrages Act. As the Government of Bengal have no power to pass legislation which affects the jurisdiction of the High Court of Judicature in Calcutta, it is necessary to supplement this Act by an Act of the Central Legislature, to provide for appeals to the High Court in certain cases and to exclude their jurisdiction in other matters.

H. G. HAIG.

SIMLA;

The 8th September, 1932.

NOTES ON CLAUSES.

Clause 3.—See section 28 of the local Act. The local Legislature has no power to pass laws affecting the jurisdiction of the High Court. The local Act has provided for appeals to the Court of Session against sentences of transportation not exceeding two years, and of imprisonment not exceeding four years when passed by a Special Magistrate. This clause now supplements these provisions by providing for appeals to the High Court in all cases in the Presidency-town of Calcutta, where there is no Court of Session, and for appeals in the mofussil in the more serious cases.

Clause 4.—Section 19 of the local Act (Bar of jurisdiction in certain matters) cannot affect the jurisdiction of the High Court. This clause of the Bill extends the bar of jurisdiction to the High Court also.

Clause 5.—The provisions of this clause are not capable of enactment by the local Legislature in so far as they affect the jurisdiction of the High Court. They exclude interference of a nature likely, if exploited, to diminish the efficacy of action taken under the local Act, and are intended to ensure the speedy trial of terrorist offences.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly:—

A Bill further to amend the Land Acquisition Act, 1894, for certain purposes.

WHEREAS it is expedient further to amend the Land Acquisition Act, 1894, for the purposes hereinafter appearing; It is hereby enacted as follows:— I of 1894.

Short title.

1. This Act may be called the Land Acquisition (Amendment) Act, 1932.

Insertion of new section 38A in Act I of 1894.

2. After section 38 of the Land Acquisition Act, 1894 (hereinafter referred to as the said Act), the following section shall be inserted, namely:— I of 1894.

Industrial concern to be deemed Company for certain purposes.

"38A. An industrial concern, owned by an individual or by an association of individuals and not being a Company, desiring to acquire land for and in connection with the erection of dwelling houses for workmen employed by the concern, shall, for the purposes of this Part, be deemed to be a Company, and the references to Company in sections 5A, 6, 7, 17 and 50 shall be interpreted as references also to such concern."

Amendment of section 40, Act I of 1894.

3. In sub-section (*1*) of section 40 of the said Act, for clauses (*a*) and (*b*) the following clauses shall be substituted, namely:—

"(*a*) that the purpose of the acquisition is to obtain land for and in connection with the erection of dwelling houses for the workmen employed by the Company, or

(*b*) that such acquisition is needed for the construction of some work, and that such work is likely to prove useful to the public."

Amendment of section 41, Act I of 1894.

4. In section 41 of the said Act,—

(*a*) after the word "that" where it first occurs, the following words shall be inserted, namely:—

"the purpose of the proposed acquisition is to obtain land for and in connection with the erection of dwelling houses for the workmen employed by the Company, or that"; and

(*b*) for clauses (*4*) and (*5*) the following clauses shall be substituted, namely:—

"(*4*) where the acquisition is for the purpose of erecting dwelling houses, the time within which the dwelling houses shall be erected; and

(*5*) where the acquisition is for the construction of any other work, the time within which and the conditions on which the work shall be executed and maintained, and the terms on which the public shall be entitled to use the work."

STATEMENT OF OBJECTS AND REASONS.

The Land Acquisition Act, 1894, makes it possible, where the previous consent of the Local Government has been obtained, to acquire land compulsorily on behalf of companies, provided that the land is needed for a work "likely to prove useful to the public." The Royal Commission on Labour have recommended that the Act be so amended as to enable land to be thus acquired where it is needed for the housing of labour, either by companies or by other employers. They stated that, in a number of instances brought to their notice, land eminently suitable for the development of housing schemes had been held at ransom by the owners, fantastic values being placed upon it as a result of the construction of factories and other industrial concerns in the neighbourhood. The provision of adequate housing for workmen is one of the urgent needs of Indian industry, and the Bill seeks to give effect to the Commission's recommendation.

Amendment of section 66, Act XI of 1922.

9. In sub-section (*2*) of section 66 of the said Act, for the words "one hundred rupees" the words "fifteen rupees" shall be substituted. *Cf. IB.* S. 149.

STATEMENT OF OBJECTS AND REASONS.

(1) The Income-tax Act was for the first time enacted in 1886, when it was said that a sum of about a crore of rupees was required owing to the deficit Budget created by the unusual outlay on the Burmese War and the sudden depreciation of silver. The tax was intended to be a temporary one. But it has since remained and now realises over twenty times that amount. Similarly, the super-tax levied as a war measure has been made permanent. But the procedure for the levy of both is antiquated and summary and places an undue power in the hands of the assessing authorities who have been given the final right of hearing the so-called appeal of the assessee.

(2) Income and super-tax is more appropriate to creditor countries and to those in which commercial and industrial enterprise has led to the accumulation of capital from which the State may justly claim a share. But in a country primarily agricultural in which capital is naturally shy, and commercial and industrial enterprise comparatively recent and in a state of infancy the State should be loth to tax at least over-tax the circulation of capital, but this is now possibly a counsel of perfection.

(3) The intention of this Bill is therefore, merely to remove the most glaring of defects in the method of assessment and its control leaving a future reformed rectifying the obvious wrong of a double super-tax and other anomalies from which the payers of income-tax suffer.

(4) For the present it is intended to bring the assessors under some popular and judicial control and partially redress the just major grievances of the assessees.

It is hoped that the Bill will receive general support and in some measure ameliorate the harshness and rigour of a taxing measure whose unpopularity has been pronouncedly increased by the mode and manner of its administration.

NOTES ON CLAUSES.

Clause 2.—In England the collecting agency is an independent body of patriotic citizens who levy the tax and hear appeals from the assessor's valuation and are generally entrusted with the administration of the Act; the result being that the tax, odious though it is, does not gain in its odiousness by its administration by the very persons interested in its collection.

(2) Under S. 57 of the English Tax Act, 1918, now in force the income-tax is levied by the commissioners of Inland Revenue whose number ordinarily varies from 3 to 7 (S. 59) but which may be increased to 14 (*Ib.* S. 59). They are appointed for specified cities or divisions and possess the sole power to assess, collect and levy the income-tax (*Ib.* S. 64) and hear appeals against assessment (*Ib.* S. 133). Such commissioners are generally drawn from well-to-do classes. For special cases special commissioners are appointed and they possess the same right as general commissioners (*Ib.* S. 67).

The general commissioners appoint assessors for one year (*Ib.* S. 76), and the collector of taxes (*Ib.* S. 80).

(3) If the English procedure were followed the whole Act would have to be recast. It is not the intention of the present Act to do more than introduce an element of impartibility in the assessment of income-tax by providing that the assessor shall act with the concurrence of three or more assessors and that all appeals against his assessment shall lie to a court unconnected with the assessing department. This is the barest justice to the assessee who is entitled to much more and not anything else.

(4) The English law allows three appeals against an assessment—*first* to the special commissioners, *secondly* to the Recorder or *County Court* Judge and *thirdly* to the High Court (SS. 147-149). Under the Bill if passed provision is made only for a single appeal, but the High Court has been given the general power of revision which it possesses in all civil and criminal cases. In England the appeals lie to special commissioners. The Bill embodies the general spirit of the English Act though it does not adopt its machinery.

Central Municipal Office, the 27th October 1932.

In compliance with the provisions of section 481 of the Calcutta Municipal Act, 1923, it is hereby notified for general information that the Corporation of Calcutta propose to make the following by-law under clause 55 of section 478, regulating the fixing of labels on packages of articles of food or drug:—

"Except in the case of articles of food or drug or a mixture thereof or packages containing the case exempted by these by-laws, there shall be legibly and durably printed, stencilled, impressed or marked on or attached to every package of articles of food or drug or mixture thereof or package containing the same a label which shall set out the following particulars and shall be of the prescribed form and kind.

2. In addition to the definition given in section 3 (*38*) of the Act, the term 'Label' shall mean any written, printed, pictorial or other descriptive matter written on or attached to any food or drug or any package or other container containing a food or drug for sale.

3. The principal label shall include the following particulars:—

(*a*) The trade-name or description.

(*b*) The place of manufacture or country of origin.

(*c*) The name and address of the manufacturer or packer of the contents of the package.

(*d*) In the case of a mixture of food or drug, a statement showing that it is such with the distinctive name if any under which it is sold and the names of the substances constituting it and the quantity or proportion of each of them.

(*e*) In the case of artificially coloured food or drug a statement showing that it is such and also regarding the nature of such colouring.

Explanation.—(*a*) The expression 'distinctive name' means a trade, arbitrary, or fancy name which clearly distinguishes a mixture of food or drug from any other mixture which shall not represent any single constituent of the mixture nor misrepresent any property, or quality of the mixture.

(*b*) An article containing more than one constituent of food or drug shall be deemed to be misbranded if it is named after a single constituent.

4. The particulars indicated above with such other information as may be required by law shall appear in the principal label in English as well as in Bengalee in capital letters of not less than 8-point (Brevier) capitals, provided that the distinctive name of a mixture of food or drug shall appear in printed capital letters not less than one and a half inches square.

5. The principal label shall appear on every food or drug or mixture thereof or package or other container containing the same sold to the purchaser on the top, bottom and sides. If there be one or more other labels, none of them should be more prominent than the principal label.

7. The use of any false or misleading statement, design or device appearing on any part of the label shall not be justified by any statement given as the opinion of an expert or other person nor by any descriptive matter explaining the use of such false or misleading statement, design or device.

8. Any person who shall commit a breach of any of the provisions of the foregoing by-laws shall be punished with fine which may extend to Rs. 50 and in the case of a continuing breach with fine which may extend to Rs. 10 for every day during which the breach continues after conviction for the first breach."

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may allow any owner or occupier of a holding paying water-rate imposed under the provision of Part VII of the Bengal Municipal Act, 1884, on the annual value of such holding, when such annual value is not less than Rs. 100, to lay down communication-pipes from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions:—

2. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes, or requiring any addition or alteration to an existing water-supply, must apply for the same on a printed form to be supplied free of cost at the municipal office.

A fee on the following scale must be paid by such owner or occupier for each connection before any work is commenced:—

Valuation of holdings.				Fees.

„	1,501 and above			750

This fee must be paid at the time when the application for the connection is deposited and will be in addition to all other costs and charges imposed under these rules.

3. (*i*) Each holding shall have a separate connection from a service or branch main, and extensions from the communication-pipe of one holding to another shall not be allowed.

(*ii*) A branch main may be allowed to ratepayers applying for the same at their own expense, and connections from the branch main may be extended to holding. Such branch main when laid down shall be the property of the Municipal Commissioners.

(*iii*) If the Commissioners in a meeting are satisfied that an adequate supply to any holding cannot be given through a single connection, they may sanction a second connection thereto on payment of the usual premium for a fresh connection.

4. The owner or occupier of the holding in respect of which the connection is required must pay the entire cost of the connection including the supply and fixing of the fittings referred to in rule 7, and must also pay the cost of such alteration in, or repairs to, roads, drains, sewers, gas or water mains, pipes, electric cables and the cost of such other works as may be necessitated by, or resulting from, the work of making such connection.

5. The owner or occupier of the holding to which a connection has been given must, at any time, on receipt of notice to do so from the Commissioners, pay the entire cost of any repairs or alterations to the connection or any part thereof that the Commissioners may consider necessary to put it into a satisfactory condition or which may be necessitated by any change in the municipal waterworks or system of distribution, or by the defective condition of the connection or any part thereof, or by any other cause whatsoever.

6. (*i*) The works required may, at the option of the Commissioners, either be carried out by the Commissioners themselves at the expense of the owner or occupier of the holding in respect of which the work is required, or may be carried out by a person or firm employed by such owner or occupier and approved by the Commissioners.

(*ii*) No laying down, repairs, alterations, removal or extension of any communication-pipes and fittings shall be undertaken except under the direct supervision of the Waterworks Engineer of the municipality, and for such supervision the owner or occupier of the holding in respect of which the work is required shall pay a fee at the rate of Rs. 5 per cent. on the entire cost of the connection.

7. A holding connection shall comprise the following parts or fittings:—

(*a*) A brass or gun-metal ferrule inserted in the main supply-pipe.

(*b*) A galvanized-iron communication-pipe from the ferrule to the meter.

(*c*) A stop-cock and its surface-box.

8. (*i*) All fittings referred to in rule 7 shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them in meeting.

(*ii*) All fittings shall be inspected and tested and stamped by an officer of the municipality before being fixed.

(*iii*) If any owner or occupier shall desire to adopt any fittings of a pattern different from the standard pattern, he must present such fittings for the approval of the Chairman and any fittings so presented may, if considered satisfactory by the Chairman, be stamped and samples thereof may be purchased and placed among the standard fittings.

9 Every communication-pipe must be capable of withstanding a pressure of a column of water 100 feet in height and must be of a quality approved by the Waterworks Engineer of the municipality.

10. The size of the ferrule and the diameter of the communication-pipe referred to in clauses (*a*) and (*b*) of rule 7 and the number of taps shall be fixed in accordance with the annual valuation of the holding as follows:—

„ Rs. 900 to 1,199	1"	1"	5
„ Rs. 1,200 to 1,499	1"	1"	6
„ Rs. 1,500 to 1,999	1"	1"	7
„ Rs. 2,000 and over..	One extra tap for every additional Rs. 1,000.		

11. The stop-cock which shall be fitted in a brick-chamber provided with a cast-iron surface-box shall be placed as near as practicable to the point where the supply-pipe enters the holding to be supplied, but shall not be within any private premises. The surface-box shall be so designed that it can be locked, and the key of it shall remain under the control of the Waterworks Engineer. The stop-cock shall be capable of adjustment so that the supply to the holding may be regulated thereby.

12. (*i*) The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined.

(*ii*) The meter must be fixed in a brick-chamber covered over with a cast-iron surface-box of approved pattern with locking arrangement, and the key of the box shall remain under the control of Waterworks Engineer.

13. Neither the stop-cock nor the meter shall ordinarily be placed in any private premises, but if placed so at the request of the owner, the officers authorised by the Commissioners to inspect or read meters will have free access to that place.

14. The Commissioners shall depute an authorised person to read every meter not less than once a quarter and shall give notice to the occupier at least 24 hours before the reading is recorded.

15. In the event of a meter ceasing to register, the quantity of water consumed during the period the meter ceased to act shall be calculated on the basis of the average consumption of water of the hold ng for the last four quarters.

16. (*i*) Every owner or occupier of any holding in respect of which a connection is made under these rules shall be entitled to a supply of 3,000 gallons of water per quarter for each rupee paid by him quarterly as water-rate in respect of such holding.

(*ii*) For all water in excess of the amount allowed under sub-rule (*i*) such owner or occupier shall be charged quarterly as follows:—

(*a*) For any excess quantity of water not exceeding one half of the amount of the free allowance—Annas 6 per 1,000 gallons.

(*b*) For any excess quantity of water exceeding one half of the amount of the free allowance but not exceeding the amount of the free allowance—Annas 8 per 1,000 gallons.

(*c*) For any excess quantity of water exceeding the amount of the free allowance but not exceeding twice the amount—Annas 12 per 1,000 gallons.

(*d*) For any excess quantity of water exceeding twice the amount of the free allowance—Rs. 1-4 per 1,000 gallons.

17. The Commissioners may cut off the connection between any waterworks of the municipality and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, viz.:—

(*a*) If the holding is unoccupied.

(*b*) If the occupier refuses to admit any officer duly empowered in that behalf into the holding for the purposes of making any examination or inspection authorised under the Bengal Municipal Act or under any by-law or rule framed under this Act, or prevent such officer from making such examination or inspection.

(*c*) If the owner or occupier of the holding touches or interferes with the meter in any way except with the permission of the Chairman or wilfully or negligently injures or damages it.

(*d*) If the owner or occupier of the holding wilfully or negligently permits waste of water in such volume as will, in the opinion of the Chairman, endanger the water-supply in the neighbourhood.

(*e*) If the owner or occupier of the holding shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of fourteen days after he has been served with a notice of demand for the same.

(*f*) If the owner or occupier of the holding constructs or fixes any cistern, tanks, reservoir, taps, pipes or any other works in connection with the water-supply not authorised by these rules.

(*g*) If the pipes, taps, ball-cocks, cisterns or any other parts of the connection are in a leaking condition or in a state of disrepair.

(*h*) If the owner or occupier fails to observe any of the rules and conditions made in these rules:

Provided that such disconnection or turning off of a water-supply shall not relieve any person from any liabilities which he may have incurred under these rules.

In the circumstances contemplated in clause (*d*) an officer authorised by the Commissioners in this behalf by a general order shall have the power to turn off the supply for a period not exceeding eight hours on his previously recording his reason in writing.

18. Every tap shall have the same size as the pipe to which it is attached and shall be of brass and of the pattern known as "Screw down." Every tap shall be at least 3 feet above the surface of the ground beneath.

19. No cistern, tank or reservoir of any description which is intended to be supplied with water from the municipal waterworks shall be permitted to any holding except with the sanction of the Chairman, and such sanction shall distinctly specify the dimensions and capacity of the cistern, tank or reservoir allowed. The inlet to every such cistern, tank or reservoir must be controlled by an efficient ball-cock, so that the discharge thereinto is completely stopped when the cistern, tank or reservoir is full. Any taps fed from such cistern, tank or reservoir must be included in the number of taps allowed under rule 10.

20. No connection shall be permitted to any holding unless and until the owner or occupier makes effective provision to the satisfaction of the Commissioners for draining all waste water away.

21. (*i*) Whenever any communication-pipe has to be laid across a sewer or open drain or in any place where, in the opinion of the Commissioners, it is liable to injury or contamination, such pipe shall be laid through a cast-iron pipe of sufficient length to afford due protection to the communication-pipe.

(*ii*) No more bends or elbows than are absolutely necessary shall be allowed in any communication-pipe. No bend by heating and no gradual bend or long sweep as is likely to cause the pipe to split shall be allowed.

22. Rules 1 (so far as it relates to addition and alteration to an existing water-supply), 11, 14, 15, 16, 17 and 19 shall apply to the connections given before the issue of these rules.

Part VI

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 5th September, 1932:—

L. A. BILL No. 36 OF 1932.

A Bill to amend the Trade Disputes Act, 1929, for certain purposes.

WHEREAS it is expedient to amend the Trade Disputes Act, 1929, for the purposes hereinafter appearing; It is hereby enacted as follows:— VII of 1929.

Short title.

1. This Act may be called the Trade Disputes (Amendment) Act, 1932.

Amendment of section 13, Act VII of 1929.

2. In section 13 of the Trade Disputes Act, 1929,— VII of 1929.

(*a*) in sub-section (*1*),—

(*i*) for the words "except with the consent in writing of the Secretary of the Trade Union or of the person, firm or company in question" the words "if the Trade Union, person, firm or company in question has preferred a request to the Court or Board that such information shall be treated as confidential" shall be substituted, and

(*ii*) for the words "without such consent" the words "without the consent in writing of the Secretary of the Trade Union or the person, firm or company in question, as the case may be" shall be substituted;

(*b*) in sub-section (*2*), after the words "before a Court or Board" the word "wilfully" shall be inserted; and

(*c*) after sub-section (*2*) the following sub-sections shall be inserted, namely:—

"(*3*) No Criminal Court inferior to that of a Presidency Magistrate or a Magistrate of the first class shall try any offence under this section.

(*4*) No Criminal Court shall take cognizance of any offence under this section except with the previous sanction of the authority appointing such Court or Board; and no Civil Court shall without the like sanction entertain any suit against a member of a Court or Board, or any person present at or concerned in the proceedings before a Court or Board, for any matter arising out of such proceedings."

STATEMENT OF OBJECTS AND REASONS.

The attention of the Government of India has been called from several quarters to the fact that section 13 of the Trade Disputes Act affords inadequate protection to those who serve on or are connected with Courts of Inquiry and Boards of Conciliation. The members of such tribunals are at present placed under the necessity of deciding in respect of every item of information obtained by them concerning any Trade Union or business whether such information should be regarded as confidential or not. Suits and prosecutions may be preferred on complaint without any previous sanction in respect of any disclosure, wilful or accidental; and offences are triable by any Magistrate.

The Bill seeks to remedy these defects. Clause 2 (*a*) seeks to make it the duty of the person desiring information to be kept confidential to prefer a request to this effect. Clause 2 (*b*) is designed to limit the operation of the section to wilful disclosures. The proposed sub-section 13 (*3*) provides for the trial of offences by Magistrates of the highest class, and the proposed sub-section 13 (*4*) makes the sanction of the authority appointing the Court a condition precedent to the institution of a suit or prosecution. This clause embodies a recommendation of the Royal Commission on Labour. A similar recommendation was recently made by the Railway Court of Inquiry.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 5th September, 1932:—

L. A. BILL No. 37 OF 1932.

A Bill further to amend the Cantonments Act, 1924, for a certain purpose.

WHEREAS it is expedient further to amend the Cantonments Act, 1924, in the manner and for the purpose hereinafter appearing; It is hereby enacted as follows:— II of 1924.

Short title.

1. This Act may be called the Cantonments (Amendment) Act, 1932.

Amendment of clause (ix), section 2, Act II of 1924.

2. In clause (ix) of section 2 of the Cantonments Act, 1924, after the words "Officer Commanding the District", where they occur for the first time, the words "or Officer Commanding-in-Chief, the Command" shall be inserted, and after the words "Officer Commanding the District", where they occur for the second time, the words "and Officer Commanding-in-Chief, the Command" shall be added; and this insertion and addition shall be deemed to have been made on and to have effect from the 29th day of February, 1932. II of 1924.

STATEMENT OF OBJECTS AND REASONS.

The object of the proposed amendment is to exempt the Officer Commanding-in-Chief, the Command, from becoming the Officer Commanding the station for the purposes of the Cantonments Act, that is to say, from serving as the President of the Cantonment Board. The Officer Commanding the District is already exempted from assuming the duties of the Officer Commanding the station under the Act; and the result of the amendment now proposed will be that the duties of the Officer Commanding the station will devolve on the officer next in command of the forces in the absence of the Officer Commanding-in-Chief, the Command, and the Officer Commanding the District. The necessity for this amendment has arisen as a result of the reorganization in the Western Command due to retrenchment measures, whereby the Officer Commanding-in-Chief, Western Command, has assumed command of the forces in Quetta Cantonment.

It is also proposed to give retrospective effect to the proposed amendment in order to regularize the position that has prevailed in Quetta Cantonment since 1st March, 1932.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 5th September, 1932:—

L. A. BILL No. 38 OF 1932.

A Bill to prohibit the pledging of the labour of children.

WHEREAS it is expedient to prohibit the making of agreements to pledge the labour of children, and the employment of children whose labour has been pledged; It is hereby enacted as follows:—

Short title and extent.

1. (1) This Act may be called the Children (Pledging of Labour) Act, 1932.

(2) It extends to the whole of British India.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

"an agreement to pledge the labour of a child" means an agreement, written or oral, express or implied, whereby the parent or guardian of a child, in return for any payment or benefit received or to be received by him, undertakes to cause or allow the services of the child to be utilised in any employment;

"child" means a person who is under the age of fifteen years; and

"guardian" includes any person having legal custody of or control over or direct benefit from the wages of a child.

Penalty for parent or guardian making agreement to pledge the labour of a child.

3. Whoever, being the parent or guardian of a child, makes an agreement to pledge the labour of that child, shall be punished with fine which may extend to fifty rupees.

Penalty for making with a parent or guardian an agreement to pledge the labour of a child.

4. Whoever makes with the parent or guardian of a child an agreement whereby such parent or guardian pledges the labour of the child shall be punished with fine which may extend to five hundred rupees.

Penalty for employing a child whose labour has been pledged.

5. Whoever, knowing or having reason to believe that an agreement has been made to pledge the labour of a child, employs such child, or permits such child to be employed in any premises or place under his control, shall be punished with fine which may extend to five hundred rupees.

STATEMENT OF OBJECTS AND REASONS.

The Royal Commission on Labour found evidence in such widely separated areas as Amritsar, Ahmedabad and Madras of the practice of pledging child labour—that is, the taking of advances by parents or guardians on agreements, written or oral, pledging the labour of their children. In some cases, the children so pledged were subjected to particularly unsatisfactory working conditions. The Commission considered that the State would be justified in adopting strong measures to eradicate the evil and the Bill seeks to do so by imposing penalties on parties to agreements pledging the labour of children and on persons knowingly employing children whose labour has been pledged.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly:—

A Bill further to amend the Indian Railways Act, 1890, for a certain purpose.

WHEREAS it is expedient further to amend the Indian Railways Act, 1890, for the purpose hereinafter appearing; It is hereby enacted as follows:— IX of 1890.

Short title. **1.** This Act may be called the Indian Railways (Amendment) Act, 1932.

Amendment of section 51, Act IX of 1890. **2.** For clause (*e*) of section 51 of the Indian Railways Act, 1890, the following clause shall be substituted, namely:— IX of 1890.

"(*e*) it may provide and maintain any means of transport for the conveyance of passengers, animals or goods in any area to which access is afforded by its railway;".

STATEMENT OF OBJECTS AND REASONS.

Under the existing sub-section (*e*) of section 51 of the Indian Railways Act, 1890, a railway company which is not one of the guaranteed companies for which the Statute 42 and 43 Victoria, Chapter 41, provides, may with the sanction of the Governor-General in Council provide and maintain any means of transport which may be required for the reasonable convenience of passengers, animals or goods carried or to be carried on its railway. As this sub-section reads, it would appear that a railway company cannot own and operate a road motor service as a feeder to its own railway, unless the traffic to be carried by such service is through-booked over the railway. It may also be held that such a company is precluded from operating a road motor service where an adequate service is already in existence, and from running any other mode of conveyance parallel to its railway line.

2. The Associated Chambers of Commerce of India and Ceylon at their meeting in December, 1930, adopted the following Resolution:—

"That Government should take such steps as may be necessary to amend the Railways Act of 1879 and 1890, in order to permit both State and Company-managed Railways to own and operate motor and/or air services, as subsidiary services to existing railway systems, without any restriction in regard to carrying passengers or goods 'carried or to be carried on the railways'."

Section 51 of the Act does not apply to State-managed lines and such lines, therefore, are under no legal disability in the matter of owning and operating road services. It is, however, the smaller railways, whose revenues have been seriously affected by the development of motor competition, who are in need of powers to run such services.

3. It is proposed, therefore, by amending sub-section (*e*) of section 51 of the Act, to make it clear that the railway companies referred to in section 51 may own and operate unconditionally road motor services for the carriage of traffic in areas served by their railway. The exercise of these powers will, however, still be subject to the sanction of the Governor-General in Council being obtained in each case.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the actuary to the Government of India, and his report discloses very favourable results. NOTIFICATION.

No. 755S.R.—4th November 1932.—The following extracts from the Report on the Administration of the Stamp Department in Bengal during the three years ending the 31st March 1932, are published for general information.

E. N. BLANDY,

Secy. to the Govt. of Bengal.

Report on the administration of the Stamp Department for the triennium ending the 31st March 1932.

I am directed to submit for the information of the Government of India the following report on the administration of the Stamp Department in Bengal for the 3 years ending the 31st March 1932.

* * * * * *

3. **Financial results.**—The receipts which in 1928-29, the last year of the preceding triennium, were Rs. 3,64,48,439 rose to Rs. 4,00,97,779 in 1929-30, but fell to Rs. 3,21,50,290 in 1930-31. During the last year of the period under review the receipts amounted to Rs. 2,78,52,961. They comprise those reported by the Accountant-General, Bengal, *plus* Rs. 4,33,461 paid to the Calcutta Improvement Trust, being the collection of the increased stamp duty leviable under section 82 of the Calcutta Improvement Trust Act, 1911, and Rs. 11,30,000, being the provincial share of the sale-proceeds of unified stamps credited to non-postal revenues. This was a decrease of Rs. 42,97,329 or 13·4 per cent. as compared with receipts in 1930-31 and of Rs. 1,22,44,818 or 30·5 per cent. less than those of 1929-30. The decrease occurred both under judicial and non-judicial stamps.

* * * * * *

5. **A—Judicial Stamps.**—The sale-proceeds of Court-fee stamps (excluding stamps for copies) fall continuously during the triennium under review. The receipts during 1931-32 were Rs. 1,99,61,160 against Rs. 2,23,17,632 in 1930-31 and Rs. 2,82,83,002 in 1929-30. Compared with 1930-31 there was a marked decrease in 1931-32 of Rs. 23,56,472, which was shared by all the Divisions except one, viz., Burdwan, which yielded a net increase of Rs. 1,330 only. Of this decrease Calcutta alone accounted for Rs. 15,39,199; this was mainly due to the absence of unusual receipts on account of probate duties such as had occurred in the year before. The decline, in general, in almost all the districts in the Presidency was attributed to a large drop in the number and value of money suits owing to the general economic depression.

The receipts from the sale of stamps for copies also fell from Rs. 9,79,209 in 1929-30 to Rs. 7,97,959 in 1930-31 and to Rs. 6,57,912 in 1931-32.

With effect from the beginning of the first year of the triennium transactions on account of plain paper were classified as an item of stationery and adjusted under "Stationery and Printing" instead of under "Stamps."

* * * * * *

6. **B—Non-Judicial Stamps.**—The revenue derived from the sale of non-judicial stamps during 1931-32 amounted to Rs. 72,25,681 and showed a decrease of Rs. 17,81,280, or 19·8 per cent. as compared with 1930-31, and of Rs. 35,72,007, or 33 per cent. as compared with that of the first year of the triennium. The decrease occurred mainly under the heads of "Impressed Stamps," "Impressed Labels or Special Adhesive Stamps," "Foreign Bill Stamps," "Share Transfer Stamps" and "Miscellaneous Receipts."

7. **Impressed Stamps.**—The receipts from the sale of impressed stamps (the most important item among non-judicial stamps) showed a continuous decrease during the three years under review. The revenue which amounted to Rs. 54,13,323 in 1929-30 fell to Rs. 40,17,090 in 1930-31 and to Rs. 34,34,087 in 1931-32. The decline in revenue was shared by all the Divisions and was due to the general economic depression.

8. **Hundies or Inland Bills of Exchange.**—The revenue derived from the sale of hundi or bill of exchange stamps fell from Rs. 92,150 in 1929-30 to Rs. 54,130 in 1930-31 and to Rs. 43,876 in 1931-32. The decrease was attributed to the general depression in trade.

9. **Impressed Lables or Special Adhesive Stamps.**—The receipts from the sale of these stamps rose from Rs. 24,89,143 in 1929-30 to Rs. 24,98,127 in 1930-31, but in 1931-32 fell to Rs. 16,80,988. The sale of these stamps is almost confined to Calcutta which contributed 99·9 per cent. of the total revenue from this source; the marked decrease (Rs. 8,16,762) which occurred during the last year of the triennium, was due to the depressed condition of trade, especially in jute, tea and coal.

10. **Foreign Bill Stamps.**—The receipts from these stamps, which are sold mainly in Calcutta, amounted to Rs. 1,19,662 in 1931-32 against Rs. 1,72,182 in 1930-31 and Rs. 3,22,823 in 1929-30. The same causes account for the fall in revenue.

11. **Share Transfer Stamps.**—The sale of these stamps, which are used for payment of stamp duty on the transfer of shares of public limited companies, is practically confined to Calcutta. The receipts which amounted to Rs. 6,43,157 in 1929-30 fell to Rs. 4,13,267 in 1930-31 and to Rs. 2,12,162 in 1931-32. The same explanation is given for the decline.

12. **Stamps for Legal Practitioners' Licenses.**—The receipts from the sale of these stamps fell from Rs. 2,71,178 in 1929-30 to Rs. 2,39,961 in 1930-31 and to Rs. 2,32,069 in the last year of the triennium.

13. **Notarial Stamps.**—These stamps were sold only in Calcutta and Chittagong during the triennium. The sale in the year 1931-32 amounted to Rs. 5,559 as compared with Rs. 9,539 and Rs. 8,028 in the two preceding years.

14. **Forms for Agreements and Contracts chargeable with two-anna coloured impressions.**—The revenue from this source, which is confined to Calcutta only, fell from Rs. 7,281 in 1929-30 to Rs. 5,470 in 1930-31, but in 1931-32 rose to Rs. 5,941.

15. **Forms for Cheques and Receipts.**—The revenue derived from the sale of these forms, which are stamped with one-anna coloured impressions, fell from Rs. 52,224 in 1929-30 to Rs. 42,128 in 1930-31 and to Rs. 47,458 in the last year of the triennium.

16. **Miscellaneous Receipts.**—The receipts under this head were mainly derived from the duty and penalty realised under sections 32, 35, 37, 40 and 41 of the Stamp Act, 1899. The income from these sources rose from Rs. 3,68,381 in the first year of the triennium to Rs. 4,25,067 in 1930-31, but fell to Rs. 3,13,879 in 1931-32. The bulk of the revenue under this head is contributed by Calcutta.

17. **Arrangements for the sale of Stamps.**—* * * * * *

The total number of vendors engaged in the sale of judicial and non-judicial stamps during the year 1931-32 was 5,367 against 5,634 and 5,799 in the previous two years. The expenditure on discount allowed to stamp vendors during 1931-32 was Rs. 2,62,234; this was a decrease of Rs. 34,232 and Rs. 1,15,800 respectively compared with the two previous years. The decrease was due to smaller sales of stamps, both judicial and non-judicial. The average discount per vendor during the triennium under report was Rs. 56 against Rs. 83 in the preceding period.

* * * * * *

18. **Punitive action of the Courts and Revenue Offices.**—* * * * * * * The total number of cases dealt with by the Civil Courts decreased from 1,737 in 1929-30 to 1,572 in 1930-31 and to 1,403 in the last year of the triennium. The duty and penalty realised by the Civil Courts also fell from Rs. 16,791 in 1929-30 to Rs. 14,788 in 1930-31 and to Rs. 14,081 in 1931-32. The number of cases dealt with by Revenue Offices fell from 3,477 in 1929-30 to 2,508 in 1930-31 and to 1,754 in the last year of the triennium. The amount of duty and penalty realised in these cases amounted to Rs. 40,983 in 1931-32, as compared with Rs. 57,698 and Rs. 63,474 in 1930-31 and 1929-30, respectively.

19. * * * * * The number of cases instituted, as well as that of persons brought to trial fell during the triennium as follows:—five hundred and fourty-four cases involving 561 persons in 1929-30, 494 cases with 506 persons in 1930-31, and 464 cases with 138 persons in 1931-32. The fines imposed during the last year of the triennium amounted to Rs. 6,048 against Rs. 5,026 in 1930-31 and Rs. 5,381 in 1929-30. The amount paid in rewards in 1931-32 was Rs. 3,499 as compared with Rs. 2,999 and Rs. 3,300 in the two previous years. No rewards were paid outside Calcutta.

20. **Working of section 19H added to the Court-fees Act, VII of 1870, by Act XI of 1899.**—* * * * * * The number of cases pending at the beginning of the year 1931-32 was 575 against 669 and 642 in the previous two years respectively. The number of cases reported to the Collectors fell from 1,470 in 1929-30 to 1,281 in 1930-31, but rose to 1,358 in the last year of the triennium. The number of cases in which enquiries were instituted during the year 1931-32 was 1,634 against 1,676 and 1,845 in 1930-31 and 1929-30, respectively. The number of enquiries completed during 1931-32 was 1,304 as compared with 1,353 and 1,495 in the two previous years. The amount of deficit Court-fees realised rose from Rs. 3,09,665 in 1929-30 to Rs. 18,51,808 in 1930-31, but fell to Rs. 3,26,313 in the last year of the triennium. Of the cases reported during the year 1931-32, including those pending at the beginning of the year, complete enquiries were made into 67·5 per cent., the corresponding percentages in the preceding two years being 69·4 and 70·8, respectively. The proportion of the deficit duty to the amount originally realised was 24·3 in 1931-32 against 65·9 and 23·8 in the two preceding years, respectively.

GOVERNMENT OF BENGAL.

NOTIFICATION.

No. 3057L.—12th November, 1932.—His Excellency the Governor having been pleased to order, under rule 18 of the Bengal Legislative Council Rules, 1920, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill with the Statement of Objects and Reasons is accordingly hereby published for general information.

THE PRESIDENCY SMALL CAUSE COURTS (BENGAL AMENDMENT) BILL, 1932.

A

BILL

to amend the Presidency Small Cause Courts Act, 1882.

XV of 1882.

WHEREAS it is expedient to amend the Presidency Small Cause Courts Act, 1882, in its application to the Court of Small Causes of Calcutta in the manner hereinafter appearing;

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Presidency Small Cause Courts (Bengal Amendment) Act, 1932.

Application of Act.

2. The Presidency Small Cause Courts Act, 1882, hereinafter referred to as the said Act, shall, in its application to the Court of Small Causes at Calcutta, be amended in the manner hereinafter provided.

New section 72A.

3. After section 72 of the said Act, the following section shall be inserted, namely:—

Conveyance charges for service of certain processes.

"72A. Conveyance charges to bailiffs on such scale as may, from time to time, be fixed by the Chief Judge with the previous approval of the Local Government shall be paid previous to the issue in any suit or proceeding under this Act of summonses and warrants of arrest by the persons on whose behalf such processes are issued."

Amendment of third schedule.

4. At the end of the part (marked E) of the third schedule to the said Act for the words "four annas per day must be paid per man" the words "such sum not exceeding eight annas per day as may be fixed from time to time by the Chief Judge must be paid per man" shall be substituted.

STATEMENT OF OBJECTS AND REASONS

Experience of the administration of the Small Cause Court, Calcutta, has shown that it is necessary to amend the Act (Presidency Small Cause Courts Act, 1882) in two respects.

2. It is the practice for the bailiffs attached to the court to be paid by the parties at the rate of four annas conveyance allowance for the service of each summons and rupee one and annas eight for the service of each warrant of arrest. There is, however, no provision in the Presidency Small Cause Courts Act for such payments and the result of this is that they cannot be made costs in the suit. Though these charges are irregular, they have been recognised for many years. The amendment contained in clause 3 of the Bill is intended to regularise the payments, and it provides that conveyance charges to bailiffs shall be payable according to the scale which may be prescribed by the Chief Judge of the Presidency Small Causes Court, with the approval of the Local Government.

3. The Overseer of the Court of Small Causes, Calcutta, supplies peons, when necessary, to keep guard over distrained properties. In accordance with the note appended to the third schedule (E) of the Presidency Small Cause Courts Act, 1882, the rate fixed is annas four per man, but it is in fact impossible to obtain peons for this small sum. The rate, on the other hand, paid to peons employed in the case of ordinary attachments is determined by the Chief Judge and has been fixed at annas six per day. The difference in rate causes discontent and peons refuse to work at the lower rate.

It is proposed to fix the rate at a maximum of annas eight per diem and give discretion to the Chief Judge to decide what rate is to be allowed at any given time. Clause 4 of the Bill provides for this.

(*3*) An order under sub-section (*1*) dispensing with the attendance of an accused shall not affect his right of being represented by a pleader at any stage of the trial, or of being present in person if he has become capable of appearing, or appears before the Magistrate and undertakes to behave in an orderly manner.

(*4*) Notwithstanding anything contained in the Code, no finding, sentence or order passed in a trial before a Special Magistrate shall be held to be illegal by any Court by reason of any omission or irregularity whatsoever arising from the absence of any or all of the accused whose attendance has been dispensed with under sub-section (*1*).

Special rule of evidence.

Notwithstanding anything contained in the Indian Evidence Act, 1872, when the statement of any person has been recorded by any Magistrate, such statement may be admitted in evidence in any trial before a Special Magistrate if such person is dead or cannot be found or is incapable of giving evidence and the Special Magistrate is of opinion that such death, disappearance or incapacity has been caused in the interests of the accused. and whoever does not act, with intent or knowing it to be likely that any words, signs or visible representations containing such instigation shall thereby be communicated directly or indirectly to any person or class of persons, in any manner whatsoever,

shall be punishable with imprisonment which may extend to six months, or with fine, or with both.

Special rule of procedure.

25. No Court shall take cognizance of any offence punishable under this chapter except upon a report in writing of facts which constitute such offence made by a police officer not below the rank of sub-inspector. [*Cf.* Special Powers Ordinance, 1932, s. 56.]

26. (*1*) Any person to whom an arrear of a notified liability is due may apply in writing to the Collector to realise it, and the Collector may, after satisfying himself that the amount claimed is due, proceed to recover it as a public demand under the Bengal Public Demands Recovery Act, 1913. [*Cf.* Special Powers Ordinance, 1932, s. 57.] Ben. Act III of 1913.

(*3*) Any person from whom an amount has been recovered under this section in excess of the amount due from him may recover such excess in accordance with law from the person on whose behalf the Collector has realised it.

CHAPTER V.

SUPPLEMENTAL.

Offences under the Act to be cognizable and non-bailable.

27. Notwithstanding anything contained in the Code, any offence punishable under this Act shall, save as otherwise specially provided in this Act, be cognizable and non-bailable. [*Cf.* Special Powers Ordinance, 1932, s. 74.]

Operation of other penal laws not barred.

28. Nothing contained in this Act shall be deemed to prevent any person from being prosecuted under any other law for any act or omission which constitutes an offence punishable under this Act. [*Cf.* Special Powers Ordinance, 1932, s. 79.]

Adoption and continuance of certain action taken under Ordinance X of 1932.

29. Anything done or any proceedings commenced in pursuance of any provision of the Special Powers Ordinance, 1932, shall, where the corresponding provision of this Act has come into force before the 30th December 1932, be deemed on the expiry of the said Ordinance to have been done or to have commenced in pursuance of the corresponding provision of this Act and shall have effect as if this Act was already in force when such thing was done or such proceedings were commenced. [*Cf.* Special Powers Ordinance, 1932, s. 80, and Criminal Law Amendment Act, 1932, s. 22.]

STATEMENT OF OBJECTS AND REASONS.

As the Special Powers Ordinance (X of 1932) will expire on the 29th December, 1932, and there is a possibility that activities in furtherance of the movement known as the "Civil Disobedience Movement" will continue, or that other such subversive movements may in the future arise, it is necessary for the Local Government to take special powers to enable it in case of emergency to combat activities which are subversive of law and order or prejudicial to the public security and for the suppression of which the ordinary powers of Government are inadequate. The preamble and clause 1 have been drawn in such a way as to make it clear that the powers included in the Bill are in the nature of reserve powers and will only be brought into use on the occurrence of such an emergency as would make it impossible by the exercise of its ordinary powers for the Local Government to fulfil its responsibilities in respect of the maintenance of the public peace and security.

The Bill reproduces with certain important modifications the following sections of the Special Powers Ordinance:—

Sections 3, 4, 6, 7, 11, 13, 16 to 18, and 22 of Chapter II;

Sections 36 to 40, 48 to 50 and 53 of Chapter IV;

Sections 54 to 57 of Chapter V; Section 72 of Chapter VII; and Sections 74, 79 and 80 of Chapter VIII;

and it has been framed on the principle of including the minimum of powers which experience has shown to be necessary for coping with activities subversive of law and order.

Though based on sections 3 and 4 of the Special Powers Ordinance the scope of clauses 3 and 4 of the Bill is less wide.

It is the intention to restrict the scope of these clauses to any new offences which may be created by the Criminal Law Amendment Bill, 1932, now before the Legislative Assembly, and to the furtherance of the objects of unlawful associations.

The other clauses of the Bill have been framed generally on the lines of the corresponding sections of the Special Powers Ordinance, 1932.

GOVERNMENT OF BENGAL.

Legislative Department.

NOTIFICATION.

No. 3062L.—14th November, 1932.—His Excellency the Governor having been pleased to order, under rule 18 of the Bengal Legislative Council Rules, 1920, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill with the Statement of Objects and Reasons is accordingly hereby published for general information.

THE BENGAL SUPPRESSION OF TERRORIST OUTRAGES (AMENDMENT) BILL, 1932.

A

BILL

to amend the Bengal Suppression of Terrorist Outrages Act, 1932.

WHEREAS it is expedient to amend the Bengal Suppression of Terrorist Outrages Act, 1932, in the manner hereinafter appearing; Ben. Act XII of 1932.

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Bengal Suppression of Terrorist Outrages (Amendment) Act, 1932.

Amendment of section 15 of Bengal Act XII of 1932.

2. In sub-section (*4*) of section 15 of the Bengal Suppression of Terrorist Outrages Act, 1932, for the word "recoverable" the words "or as a public demand" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

Government are advised that sub-section (*4*) of section 15 of the Bengal Suppression of Terrorist Outrages Act, 1932, as at present worded, is defective, as the Bengal Public Demands Recovery Act, 1913, does not provide for the recovery of fines. The existing wording of the sub-section is the result of an amendment which was accepted by Government during the course of the debate on the Bill. The Amending Bill is of a formal nature only and is intended to rectify the defective wording of the sub-section.

Resolution on the Annual Administration Report of the Department of Industries, Bengal, for the year 1931-32.

GOVERNMENT OF BENGAL.

Department of Agriculture and Industries.

Industries.

CALCUTTA, THE 8TH NOVEMBER 1932.

RESOLUTION—No. 4886 Ind.

Minister-in-charge: The Hon'ble Nawab K. G. M. Faroqui, Khan Bahadur.

Read the Annual Administration Report of the Department of Industries, Bengal, for the year 1931-32.

Mr. A. T. Westoff held charge of the department throughout the year. He was confirmed in the post of the Director of Industries, Bengal, with effect from 24th April 1931.

2. Reference was made in the last year's review to the abnormal economic situation caused by the world-wide trade depression and the consequential financial stringency which resulted in the departmental activities being rigorously restricted. The same conditions prevailed throughout the year under review. There was, therefore, not only no scope for the initiation of new schemes of development but normal activities had to be further curtailed in several directions. It is, however, gratifying to note that in spite of the financial limitations the departmental activities in the chemical, engineering, tanning and weaving sections, as detailed in the Director's report, succeeded in assisting the development of small factory industries. It may now be fairly claimed that the activities of the chemical section have given an impetus to the development of the soap industry on up-to-date lines and have resulted in the utilisation of local sources of vegetable oils which hitherto had little or no economic use. Steps were also taken during the year towards the development of the silk industry in Bengal. It is recognised that the improvement in the technique of reeling of silk is of paramount importance in reviving the industry, and with a view to bringing home to the reelers the advantage of reeling with modern machinery a domestic reeling plant and hand-twisting machine of the Mysore pattern were installed at the Government Silk Weaving and Dyeing Institute at Berhampore.

3. Technical education in all its branches, including weaving education, received due attention.

The programme of the award of two scholarships a year for training in technical and industrial subjects abroad had to be held in abeyance as a measure of economy.

4. As mentioned in last year's resolution, the Bengal State Aid to Industries Bill was passed into law during the year under report. A representative Board under the designation of the Board of Industries has since been constituted for carrying out the purposes of the Act. While in view of the present financial stringency it may not be possible to take full advantage of the Act immediately, it is gratifying to note that public-spirited gentlemen are coming forward to endow the Board with funds. It is hoped that others will follow their example so that the Board may have sufficient funds at its disposal to be able to take definite steps towards the development of cottage and small industries of the province in useful directions.

5. Government (Ministry of Industries) note with pleasure the manner in which the general work of the department has been conducted by Mr. Weston and his staff. Their thanks are also due to the members of the Advisory Board of Industries and other Boards and Committees associated with the department for their assistance.

By order of the Govt. of Bengal

(Ministry of Industries),

Secy. to the Govt. of Bengal.

CALCUTTA, THE 17TH NOVEMBER 1932.

RESOLUTION—No. 5610Pl.

It will be recalled that, subsequent to the serious rioting which took place on 1st April 1930, as a protest by the carters against certain orders passed by Government under the Bengal Cruelty to Animals Act, 1920, the Government of Bengal appointed Mr. W. S. Hopkyns, C.I.E., O.B.E., I.C.S., to make an enquiry into the grievances of the carters. On receipt of his report, Government published resolution No. 2082Pl., dated the 31st May 1930, which contained their decision on his main recommendations. It was also stated therein that Mr. Hopkyns had recommended the appointment of a committee to investigate certain subsidiary points, but that Government had decided to postpone the appointment of this committee to a later date. Owing to the general depression in trade and the undesirability of doing anything which might lead to demands for new expenditure, Government so far have not proceeded with the appointment of this committee.

2. While there have been no serious outward manifestations of trouble, it has been apparent for some time past that there is a considerable amount of dissatisfaction both among those immediately concerned and among the general public in connection with the working of the Bengal Cruelty to Animals Act, 1920, in Calcutta. Representations have been made by the carters to the effect that the administration of the Act, which touches their trade more than any other, is found to be particularly irksome at a time when owing to general trade depression their earnings have greatly fallen, that the orders of the Courts often operate harshly and that their animals are not always properly treated in the hospitals.

Government are closely interested in the matter in two ways. First, the existence of dissatisfaction among the elements concerned involves, as experience has shown, a danger to the public peace. Secondly, they make a considerable annual grant to the Society and, regard being had to the pressing need for economy, they wish to have authoritative advice as to the strength of the staff and the amount of expenditure which are necessary to carry out properly the purposes of the Act.

3. In these circumstances, Government have decided to appoint a committee to inquire into the working of the Act, with special reference to the undermentioned points—

(1) Whether the present arrangements for the working of the Act on the streets are suitable and satisfactory and, if not, in what respects they can be improved.

(2) Whether the methods adopted in the Courts are suitable or can be improved, and whether the carters are justified in their complaints as to the treatment they receive in connection with prosecutions.

(3) Whether the complaints as to improper treatment of animals in the veterinary hospitals are well-founded and, if so, how matters can be improved.

(4) Whether the law relating to prevention of cruelty to animals requires any amendment in the light of experience.

(5) Government also wish to have the considered opinion of the committee on the question whether the working of the Act in Calcutta should continue to be entrusted to the Calcutta Society for the Prevention of Cruelty to Animals, and in the event of their recommendation being in favour of the present system, their opinion regarding the staff and expenditure which are required in order to enable the Society properly to carry out the purposes of the Act. If a change is recommended, it is hoped that the committee will submit an estimate of the cost of their alternative scheme.

(6) It will lastly be open to the committee to make investigations into the questions which were raised by Mr. Hopkyns in paragraph 23 of his report, viz., resting and parking-places for buffaloes, accommodation at loading-places, and the question of earlier delivery of goods. But if the committee consider that trade conditions make investigation into all or any of these points undesirable at the present time, it will be open to them to submit a report to that effect.

4. The committee will consist of a President and eight members, three official and five non-official. The Governor in Council is glad to announce that the Hon'ble Mr. Justice H. G. Pearson, Kt., has consented to lend his services as President of the committee. The official members will be—

Mr. P. J. Kerr, Director of the Civil Veterinary Department.

Hon'ble S. K. Sinha, I.C.S., Chief Presidency Magistrate.

Mr. F. D. Bartley, C.B.E., I.P., Deputy Commissioner of Police, Headquarters.

The non-official members will include—

A nominee of the Calcutta Society for the Prevention of Cruelty to Animals,

A nominee of the Advisory Committee of carters, and

A nominee of the Calcutta Corporation and two others nominated by Government, and their names will be announced as soon as the names of the nominees have been received by Government.

Mr. B. R Sen, I.C.S., Deputy Secretary to Government in the Police Department, will act as Secretary of the committee.

ORDER.—Ordered that the resolution be published in the *Calcutta Gazette* for general information. Ordered also that a copy of the resolution be forwarded to the President and each of the members of the committee for information.

Also ordered that a copy be forwarded to Mr. B. R. Sen, I.C.S., the Secretary to the committee, with the request that he will make all necessary arrangements, in consultation with the President and the members, for the holding of meetings and conduct correspondence on behalf of the committee until the submission of the report.

The following book is recommended for the use of teachers in connection with the teaching of "Sand Modelling" in the lower classes of schools:—

A. F. Frye. The Child and Nature.

N.B.—I. Every School that intends to undertake instruction in Geography for the Matriculation Examination is required to possess the apparatus mentioned in the following list:—

(1) A measuring tape and metre scale and foot-rule.
(2) A magnetic compass.
(3) Squared paper and tracing paper.
(4) Clay, dry sand, paper pulp for modelling.
(5) A globe not less than 14 inches in diameter, with writing surface, and with line of latitude and longitude and outlines only of the land masses marked upon it.
(6) A map of the school locality on a scale of 4″ or 6″ = 1 mile.
(7) A map of the district in which the school is situated, 1″ = 1 mile.
(8) A coloured map of the province.
(9) A coloured political map of India.
(10) A physical map of India.
(11) A relief map of India.
(12) A map of the World on Mollweide's equal area projection and a map of Asia.
(13) A practical Atlas of Modern Geography (George Gill and Sons).

It is essential that the student should be provided with atlases, or with the necessary hand-map, and with a drawing instrument box. Maps for school work should not contain too much detail or be crowded with names.

II. The following additional equipment is recommended when it can be provided, but the lack of it is not to be considered as a bar to the recognition of the school in Geography:—

(1) A thermometer.
(2) A mercury barometer.
(3) A rain-gauge.
(4) A small collection of typical rocks, in particular, those of the Province and India.
(5) A small museum of typical products.
(6) A good standard atlas.
(7) Geographical pictures.
(8) Magic lantern and slides.

III. (1) The attention of teachers is invited to the raised maps of Bengal and Eastern Bengal and Assam made of paper pulp, prepared by Babu Kailaschandra Dutt, Head Pandit, Habibgunj Government Girls' School, Sylhet, and sold for Rs. 7 and Rs. 5, respectively.

(2) Globes of all kinds are made by George Phillip and Son, London, W. & A. K. Johnston, London, and Messrs. Ruddiman, London. Small hand globes of German make can be obtained through the Indian School Supply Depot for about a rupee each.

(3) The "Comparative" Series of large wall maps of the continents published by George Phillip and Son is good and up-to-date: as also are the geographical wall maps published by Edward Standford. Messrs Ruddiman Johnston publish a series of smaller wall maps which include maps of India illustrating various distributions.

Messrs. Nelson's wall atlases are good. Mr. S. B. Chatterjee publishes District Maps, also ordinary and relief maps of the province.

Babu L. M. Basu, the Drawing Master of the Dacca Collegiate School, has published good relief maps of Eastern Bengal and Assam and of India.

The Vidal-Lablache French wall maps on strong card-board, name on one side, and the same map without names on the reverse, published by Armand Collin, Paris, are good and cheap. They measure 46 inches by 39 inches and can be delivered in Calcutta for Rs 4-14 each.

(4) The hand-maps coloured to indicate relief, published by the Diagram Company, West Barnes Lane, New Malden, Surrey, at one penny each, are the best of their kind.

The uncoloured half-penny maps showing river system and a few towns published by the same Company, are excellent for class use.

The autograph hand-maps, with hill shading in brown, published by Messrs. Edward Standford, London, at one penny each, are very good, and are larger than the Diagram Company's hand-maps. The 15″ map of the World on Mollweide's equal area projection is specially to be commended.

(5) Wall pictures of considerable artistic merit are published by Messrs. Edward Arnold of Leeds, Horns Hachette of Paris, Messrs. Holzel of Vienna, and Messrs. Longmans, Green and Company. They cost, delivered in India, from two or three rupees each.

Map lantern slides and view slides specially prepared for Geography teaching are sold by the Diagram Company for two or three shillings each. Mr. Sain of Darjeeling also sells good picture slides of the Himalayas at Rs. 15 per dozen.

Elementary Mechanics.

The following books are recommended:—

A. N. Sen. Elementary Mechanics.
Briggs and Bryan. Matriculation Mechanics.

The following list of apparatus is prescribed as indicating the approximate requirements of a recognised High School seeking to teach Elementary Mechanics for the Matriculation Examination:—

Plumb-line and level.
Simple lever (including brass slotted weight).
Roman Steelyard.
Lecture apparatus for experiment on movements.
George's New Atwood's Machine.
Stop watch.
Glazebrooke's apparatus (to demonstrate movement of a body).
Hick's Ballistic Balance.
Compound Wheel and Axle.
4 Single Brass Pulleys.
2 Triple Brass Pulleys.
Weston Differential Pulleys Blocks (½ ton).
16 feet of Chain at 6*d*. per foot.
Inclined Plane.
Parallelogram of Forces Apparatus.
Wall Crane.
Backer's New Physical Balance.
Set of gramme weights (200 grammes to 1 mgr.).
2 Composition Ivory Balls.

Note.—The above list is not exhaustive, and much of it might be replaced by similar forms that could probably be made far more cheaply by any clever mistry under proper supervision. In most cases, however, it will probably be found advantageous to buy such a set as indicated in the list specially for demonstration purposes, and subsequently to develop simplified duplicates illustrating the same principles, which the boys should be given opportunity actually to experiment with, on their own individual account or working in pairs.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Bengal Local Self-Government (Second Amendment) Act, 1932.

Definition.

2. For the purposes of this Act, the expression "non-union board areas" means areas in which the Bengal Village Self-Government Act, 1919, is not in force and "union board areas" means areas in which that Act is in force. Ben. Act V of 1919.

Insertion of new section 10A in Bengal Act III of 1885.

3. After section 10 of the Bengal Local Self-Government Act of 1885 (hereinafter referred to as the said Act), the following section shall be inserted, namely :—

Representation of minority communities.

"10A. (*1*) The Local Government shall by rule provide for the representation by election of a minority community on a District Board or a Local Board by reserving seats for it among those to which members are to be elected under section 7 or section 9. The number of seats so reserved shall be in accordance with the proportion borne by such community to the total population, according to the last census, of the area under the authority of the District Board or the Local Board as the case may be.

(*2*) No person belonging to a minority community for which seats are reserved under sub-section (*1*) shall, if eligible for election as a member, be disqualified by the operation of this section from election to any seat not so reserved.

Explanation.—The Local Government shall determine whether any community in an area under the authority of a District Board or a Local Board shall be deemed to be a minority community for the purposes of this section."

Amendment of section 138.

4. After clause (*a*) of section 138 of the said Act, as in force in non-union board areas and after clause (*a*) of the same section as in force in union board areas the following clause shall be inserted, namely :—

"(*aa*) determining the representation by election of a minority community under section 10A."

STATEMENT OF OBJECTS AND REASONS.

A provision, based on an agreed formula, for the special representation of minority communities, on municipal boards has been inserted in the new Bengal Municipal Act, 1932 (section 19 of the Act). During the discussion in Council, the opinion was generally expressed that it would be desirable to introduce a similar provision in the Bengal Local Self-Government Act of 1885, which would apply to elections to local boards and district boards. This Bill has, therefore, been drafted on the lines of section 19 of the Bengal Municipal Act, 1932.

STATEMENT OF OBJECTS AND REASONS.

The proposals contained in this Bill fall into two groups.

The first group comprises provisions aimed at the prevention of evasion. These proposals are contained in clauses 6(*b*), 7, 11 and 23. The first two proposals are designed to apply *mutatis mutandis* to interest (other than interest on securities) provisions which already exist in connection with dividends of companies, whereby tax may be deducted at source when paid to recipients whose income is so large that it is liable to super-tax, and information of amounts paid has to be furnished to the Income-tax Department even if the incomes of the recipients are not known to be so high as to be liable to super-tax. The object of these two amendments is to stop a leakage, which is at present believed to be serious, owing to the concealment of income derived from interest (other than interest on securities), especially interest paid on deposits with Banks.

The proposal in clause 11 is designed in part to enable an assessment to be made on a person who is about to leave India in the course of a financial year; and that in clause 23 to remove the seal of secrecy from proceedings in which penalties are imposed, offences compounded or prosecutions sanctioned, in the hope that fear of publicity may have a deterrent effect upon those who contemplate frauds on the revenue.

The second, and much larger, group comprises miscellaneous amendments to remove various defects in the existing law. Of these amendments, the objects of which are set forth *seriatim* in the Notes on Clauses, the most numerous—and the most important—are intended to grant to the assessees certain concessions the withholding of which is regarded as inequitable or the security of which is, under the existing phraseology of the law, open to doubt.

A. A. L. PARSONS.

SIMLA;

The 7th September, 1932.

NOTES ON CLAUSES.

Clause 2 (*a*).—At present a Commissioner's jurisdiction must consist of one or more entire Provinces. The amendment aims at enabling the Governor-General in Council to appoint a Commissioner of Income-tax for the whole of a Province together with parts of one or more other Provinces, or for parts of two or more Provinces.

(*b*) The object of this amendment is to enable the Commissioner of Income-tax to appoint special Income-tax Officers to deal with specially difficult or important cases, and to post two or more Assistant Commissioners or Income-tax Officers to a single Circle or District and distribute the work with a view to convenience or the avoidance of congestion.

Clause 3 is intended to allow commission paid by an assessee to a banker for the realization of interest on securities to be treated as an admissible deduction against the interest so realized.

Clause 4.—The re-draft of sub-section (*1*) of section 5 makes it clear that it is the amount of the charge on property and not of the interest on the charge that is to be allowed as a deduction.

Clause 5.—At present allowance for depreciation is only made to persons deriving income from business. The amendment extends this concession to professional men.

Clause 6 (*a*) gives statutory authority for an existing arrangement entered into between the Income-tax Department and persons with small incomes from interest on securities.

Clause 6 (*b*).—The amendment will empower the Income-tax Officer to require deduction of tax at source when that is payable by an assessee who is liable to super-tax from interest payments other than "Interest on Securities." Compare sub-sections (*2*) and (*3*) of section 57 of the Act.

Sub-clauses (*c*), (*d*) and (*e*) make consequential amendments.

Clause 7.—The amendment requires a person making payments of interest above a prescribed minimum amount to any person in respect of deposits held for six months or more to furnish an annual statement of such payments. Compare section 19A of the Act. See also clauses 19 and 20.

Clause 8 and clause 15 (*b*) (*i*).—These amendments extend to minors who have been admitted to the benefits of partnership in a registered firm the benefits at present enjoyed by members of such firms.

Clause 9.—The new section 24A is aimed primarily at enabling assessments to be made at once on the income of persons from whom it may be difficult to recover income-tax and super-tax after they have left the country, such as for example members of a touring theatrical company. It will also enable refunds or adjustments to be made earlier than could otherwise be done in the case of persons leaving the country.

The new section 24B supplies a lacuna in the Act which at present fails to provide either for assessment or the giving of refunds in respect of the income of persons deceased.

These sections should be read with section 49B inserted by clause 17 of the Bill.

Clauses 10 and 11.—These amendments give to an assessee a right of appeal not now granted by the Act against an order refusing to register a firm under section 26A.

Clause 12.—The amendment brings section 32 into harmony with other provisions of the Act relating to similar matters, *e.g.*, sections 33A, 66(*2*) and 66(*3*), and has the effect of extending the time within which an appeal may be made.

Clause 13.—This amendment empowers the Income-tax Officer to require certain information which he is not at present enabled to obtain.

Clause 14.—This amendment confers upon Collectors generally a power which they already possess in most provinces but not in all.

Clauses 15 to 17.—The provisions of the Act relating to refunds are at present defective in many respects. At present specific provision for refunds is made where tax has been recovered by deduction at source at too high a rate, and adjustments in the course of assessment are not provided for. It has also been held that the present Act does not authorize a refund to a person (*a*) whose income is below the taxable limit or (*b*) who has no income directly taxable in India, but who may have suffered tax by deduction at source. The amendments to section 48 are aimed at remedying these defects in the case of persons to whom the rate of tax applicable is *nil*, or who are admitted to the benefits of partnership in a registered firm but are not partners. The new section 48A gives a general power to make refunds, whether during assessment or other proceedings under the Act, or on appeal; while the new section 49A gives a general power to make adjustments where a refund is admissible. New section 49B provides for the extension of the right to receive or claim refunds to the representative of an assessee who is himself disabled from receiving or claiming the refund.

Clause 18.—The amendment provides a right of appeal not at present bestowed by the Act against a refusal to make a refund and against an order allowing a refund of less than the amount claimed.

Clauses 19 and 20.—These amendments are consequential on clause 7.

Clause 21.—This amendment is designed to remove the obstable to divulging the imposition of penalties for concealment of income or for misrepresentation regarding income, and to divulging the fact that an offence liable to prosecution has been compounded. It also resolves the conflict that at present exists between the provisions of the Act, and those of the Indian Stamp Act, 1899.

Clause 22.—In the interpretation of Chapter IXA of the Act some difficulty has been experienced in deciding the applicability of the provisions relating to income-tax to the charge assessment and recovery of super-tax. It has been considered expedient to include these provisions specifically among the portions of the Act declared in section 58 not to be applicable to super-tax.

Clause 23.—Difficulty has been experienced in interpreting section 58G, read with sections 58F and 58E. The amendments made by this clause and clause 22 are aimed at making it clear that contributions to a recognized provident fund are liable to super-tax from year to year though exempt to the extent specified in section 58F from income-tax, and to ensure that super-tax shall not be levied a second time when an accumulated balance is paid to the contributor.

Clause 24.—The amendment provides a power to grant relief in a case of hardship which it has been held is not covered by the section as it stands.

Clause 25.—This amendment provides—

(*i*) a right not now given to claim a reference to the High Court on a point of law arising out of an order passed by the Commissioner in revision;

(*ii*) a right to a refund of the deposit fee if the Commissioner refuses to state a case to the High Court;

(*iii*) that the High Court has power to require a case to be stated by the Commissioner where the application for a reference to the High Court has been rejected as being barred by limitation.
